Assessment in Geographical Education: An International Perspective Theresa Bourke, Reece Mills, Rod Lane, 2022-02-27 In recent years there has been increased attention paid to the importance of assessment in Geographical Education the chosen subject for this book Assessment is an important tool for collecting information about student learning and for providing timely data to inform key stakeholders including students teachers parents and policymakers To be effective assessment needs to be valid reliable and fair Validity is about ensuring that we assess what we

claim we are assessing Reliability is about measuring performance and understanding in a consistent way Without validity and reliability assessment is unlikely to provide equitable opportunities for students to demonstrate what they know and can do As geography educators it is therefore important that we identify the core concepts and skills in geography that we want students to master We need a clear understanding of what the progression of learning looks like for each concept and skill so we can develop fit for purpose assessments that track and improve student learning While there is a substantial literature on evidence based assessment in secondary school contexts research exploring best practice assessment in geography is rare This is a concern given the distinctive nature of geography and the important role of assessment in the learning process This scholarly collection seeks to address this issue by connecting research in educational assessment with the domain of geography The chapters are written by leading researchers in Geographical Education from across the globe These chapters provide examples of innovation through the collective voices of geography teacher educator scholars from across Australia USA South Korea Germany Switzerland and Singapore What unifies the work in this book is that each chapter focuses on a key feature of the discipline of geography providing scholarly examples of evidence based practices for assessing student s knowledge and skills [Rivista J-Reading n. 2-2017](#) Gino De Vecchis,2017-12-29 In questo numero Chew Hung Chang Muhammad Faisal Aman The International Charter on Geographical Education a reflection on published research articles on Assessment Daniela Pasquinelli d Allegra Proposals for the development of competences in geography by applying the IGU International Charter Wiktor Osuch Geography in the reformed educational system in Poland return to the past or a brand new quality Enrico Squarcina Valeria Pecorelli Ocean citizenship The time to adopt a useful concept for environmental teaching and citizenship education is now Margherita Cisani High school commuters Sustainability education on students mobility behaviours and perceptions of their everyday landscape The language of images Edited by Elisa Bignante and Marco Maggioli Elisa Bruttomesso Jordi Vic Intentional Camera Movement A Multisensory and Mobile Photographic Technique to Investigate the Urban Tourism Experience Mapping societies Edited by Edoardo Boria Matteo Proto Irredenta on the map Cesare Battisti and Trentino Alto Adige cartographies Geographical notes and practical considerations Emanuela Gamberoni Challenges of Geography in Education Proposals from the EURO GEO Conference Amsterdam The Netherlands 2 3 March 2017 *Physical Geography* Joseph A.
