Michael Kwet

2014 Mid Year Exam Gauteng Province Natural Sciences Paper:

Exploring decolonising themes in SA sport history Francois Johannes Cleophas, 2018-01-01 In an effort to understand how the absences of the colonial subject in sport were engineered and how colonial narratives became fixed in the literature and minds of South Africans *Exploring Decolonising Themes in SA Sport History* Issues and Challenges attempts a full scale restructuring and rewriting of the history of sport in South Africa to include black South Africans and thereby places them on the forefront of a colonial history The book includes the articulations of academic researchers professionals and retired sportspeople who were requested to explore their unique areas of interest in sport from the perspective of themes in South African sport history They place themselves at the centre of discourses that dispel myths that blacks had no sport significance prior to 1994 The book ultimately challenges this spirit of the past where there was only one narrative a white male sport tradition Rather than adapting past colonial and apartheid narratives this work seeks to fundamentally replace and supersede them

Digital Degrowth Michael Kwet, 2024-08-20 A fascinating book that takes degrowth in new directions Jason Hickel author of *Less is More* A must read for anyone who wants to know the brutal truth of digital colonialism driven by the American empire Kohei Saito author of *Slow Down* The world is racing toward an irreversible ecological catastrophe Environmental science makes clear that humans must reduce total material resource use requiring a radical redistribution of wealth within and between countries Yet little attention has been paid to how the digital economy fits into this equation Michael Kwet a leading expert on digital colonialism presents a new paradigm for the digital society Merging the science of degrowth with a global analysis of the high tech economy he argues that digital capitalism and colonialism must be abolished quickly In *Digital Degrowth* Kwet maps out a path to a people's tech future He calls for direct action against Silicon Valley US imperialism and power elites everywhere in order to realize a radically egalitarian digital society that fosters equality in harmony with nature
