Lemon-Aid New and Used Cars and Trucks 2007-2018 Phil Edmonston, 2018-02-03 Steers buyers through the confusion and anxiety of new and used vehicle purchases like no other car and truck book on the market. Dr. Phil along with George Iny and the Editors of the Automobile Protection Association pull no punches. Lemon-Aid New and Used Cars and Trucks 1990-2015 Phil Edmonston, 2013-11-18 Lemon Aid New and Used Cars and Trucks 1990-2015 steers

the confused and anxious buyer through the purchase of new and used vehicles unlike any other car and truck book on the market. Dr. Phil Canada's best known automotive expert for more than 42 years pulls no punches. *Everyday Lifestyles and Sustainability* Fabricio Chicca, Brenda Vale, Robert Vale, 2018-04-09 The impact of humanity on the earth overshoots the earth's bio capacity to supply humanity's needs meaning that people are living off earth's capital rather than its income. However, not all countries are equal and this book explores why apparently similar patterns of daily living can lead to larger and smaller environmental impacts. The contributors describe daily life in many different places in the world and then calculate the environmental impact of these ways of living from the perspective of ecological and carbon footprints. This leads to comparison and discussion of what living within the limits of the planet might mean. Current footprints for countries are derived from national statistics and these hide the variety of impacts made by individual people and the choices they make in their daily lives. This book takes a bottom up approach by calculating the footprints of daily living. The purpose is to show that small changes in behaviour now could avoid some very challenging problems in the future. Offering a global perspective on the question of sustainable living, this book will be of great interest to anyone with a concern for the future as well as students and researchers in environmental studies, human geography and development studies.
