Powers, Eric

Tagliacozzo, 2023-11-15 The essays in *Islamic Ecumene* address the ways in which Muslims from Morocco to Indonesia and from sub Saharan Africa to the steppes of Uzbekistan are members of a broad cultural unit Although the Muslim inhabitants of these lands speak dozens of languages represent numerous ethnic groups and practice diverse forms of Islam they are united by shared practices and worldviews shaped by religious identity To highlight these commonalities the co editors invited a team of scholars from a wide range of disciplines to examine Muslim societies in comparative and interconnected ways The result is a book that showcases ethics education architecture the arts modernization political resistance marriage divorce and death rituals Using the insights and methods of historians anthropologists literary critics art historians political scientists and sociologists *Islamic Ecumene* seeks to understand Islamic identity as a dynamic phenomenon that is reflected in the multivalent practices of the more than one billion people across the planet who identify as Muslims Streaming and

Copyright Law Lasantha Ariyaratna, 2022-09-05 This book examines the challenges posed to Australian copyright law by streaming from the end user perspective It compares the Australian position with the European Union and United States to draw lessons from them regarding how they have dealt with streaming and copyright By critically examining the technological functionality of streaming and the failure of copyright enforcement against the masses it argues for strengthening end user rights The rising popularity of streaming has resulted in a revolutionary change to how digital content such as sound recordings cinematographic films and radio and television broadcasts is used on the internet

Superseding the conventional method of downloading using streaming to access digital content has challenged copyright law because it is not clear whether end user acts of streaming constitute copyright infringement. These prevailing grey areas between copyright and streaming often make end users feel doubtful about accessing digital content through streaming. It is uncertain whether exercising the right of reproduction is appropriately suited for streaming given the ambiguities of embodiment and scope of substantial part. Conversely, the fair dealing defence in Australia cannot be used aptly to defend end users' acts of streaming digital content because end users who use streaming to access digital content can rarely rely on the defence of fair dealing for the purposes of criticism or review, news reporting, parody or satire or research or study. When considering a temporary copy exception, end users are at risk of being held liable for infringement when using streaming to access a website that contains infringing digital content even if they lack any knowledge about the content's infringing nature. Moreover, the grey areas in circumventing geo blocking have made end users hesitant to access websites through streaming because it is not clear whether technological protection measures apply to geo blocking. End users have a severe lack of knowledge about whether they can use circumvention methods such as virtual private networks to access streaming websites without being held liable for copyright infringement. Despite the intricacies between copyright and access to digital content, the recently implemented website blocking laws have emboldened copyright owners while suppressing end users' access to digital content. This is because the principles of proportionality and public interest have been given less attention when determining website blocking injunctions.

Majolica Mania Susan Weber, 2021-01-12 The first comprehensive study of the most important ceramic innovation of the 19th century. Colorful, wildly imaginative and technically innovative majolica was functional and aesthetic ceramic ware. Its subject matter reflects a range of 19th century preoccupations from botany and zoology to popular humor and the macabre. *Majolica Mania* examines the medium's considerable impact from wares used in domestic settings to monumental pieces at the World's Fairs. Essays by international experts address the extensive output of the originators and manufacturers in England including Minton, Wedgwood and George Jones and the migration of English craftsmen to the U.S. New research including information on important American makers in New York, Baltimore and Philadelphia is also featured. Fully illustrated, the book is enlivened by new photography of pieces from major museums and private collections in the U.S. and Great Britain.

Despite The State: Why India Lets Its People Down And How They Cope M. Rajshekhar, 2024-03 About the Book A LUCID NECESSARY ACCOUNT OF HOW DRASTICALLY THE INDIAN STATE FAILS ITS CITIZENS. The story of democratic failure is usually read at the level of the nation while the primary bulwarks of democratic functioning, the states, get overlooked. This is a tale of India's states of why they build schools but do not staff them with teachers, favour a handful of companies so much that others slip into losses, wage water wars with their neighbours while allowing rampant sand mining and groundwater extraction, harness citizens' right to vote but brutally crack down on their right to dissent. Reporting from six states over thirty-three months, award-winning investigative journalist M. Rajshekhar
