Sharon Schweitzer

2014 Peconomics November Grade10:

International Trade Policy and Class Dynamics in South Africa Simone Claar, 2017-12-07 This book provides an innovative perspective on class dynamics in South Africa focusing specifically on how different interests have shaped economic and trade policy As an emerging market South African political and economic actions are subject to the attention of international trade policy Claar provides an in depth class analysis of the contradictory negotiation processes that occurred between South Africa and the European Union on Economic Partnership Agreements EPA examining the divergent roles played by the political and economic elite and the working class The author considers their relationships with the new global trade agenda as well as their differing standpoints on the EPA

Disposable Americans Paul Buchheit, 2017-03-31 Inequality has dramatically increased in America with few solutions on the horizon Serious social inequalities persist For example the 14 richest Americans earned enough money from their investments in 2015 to hire two million preschool teachers while the USA ranks low among developed countries in preschool enrollment Following the Great Recession the richest one percent took 116 percent of the new income gains a statistic caused by so many middle class Americans moving backward many losing investments in property and experiencing interruptions in work Author Paul Buchheit looks hopefully to solutions in a book that vividly portrays the rapidly changing inequality of American society More Americans have become disposable as middle class jobs have disappeared at an alarming rate Buchheit presents innovative proposals that could quickly begin to reverse these trends including a guaranteed basic income drawn from new revenues such as a Financial Speculation Tax and a Carbon Tax Discussing the challenges and obstacles to such measures he finds optimism in past successes in American history Ideal for classroom assignment the book uniquely pairs historical events with current real life struggles faced by citizens pointing to measures that can improve personal and social well being and trust in government

Ecoaesthetics and Ecosophy in China Cheng Xiangzhan, 2023-10-09 Chinese ecoaesthetics which originated in 1994 has developed theoretically over the last 30 years This branch of aesthetics which is based on ecology and to transform aesthetically towards the era of ecological civilization uses ecological realism as its philosophical foundation and ecohumanism as its guiding principles Its central aesthetic paradigm is known as the body mind environment model Its main research object is ecological aesthetic appreciation an exploration of how to appreciate aesthetics and ecology through ecological beauty Additionally ecohumanism can be further improved by referring to principles of ecology and examining the aesthetic synergies between humans and the earth s ecosystem Ultimately ecohumanism is not only a method to aid in survival in an ecological crisis but to elevate the human condition through assuming ecological responsibilities and promoting ecological civilization leading to a more valuable and meaningful life The theme of this book Ecosophy C can be summarized as Moving toward the Aesthetics of Eternal Engendering Its key phrase Creating life corresponds to shengsheng in Chinese literally implying a continuous cycle of reproduction Philosophically this concept translates to eternal engendering In essence
