Mountain Dharma Dolpopa Sherab Gyeltsen, Cyrus Stearns, 2025-04-22 A brilliant annotated translation of Dolpopa Sherab Gyeltsen's Mountain Dharma that opens a masterpiece of the Jonang tradition to Western readers and presents Dolpopa's provocative ideas about a true eternal and established reality that still impact Buddhism today The controversial master Dolpopa Sherab Gyeltsen shook Buddhist Tibet when he taught that an eternal enlightened essence or buddha nature exists in full form in all living beings The ideas discussed in Mountain Dharma are still as provocative now as when Dolpopa first taught them impacting Buddhism to this day Dolpopa identified the ultimate with the buddha nature or sugata essence which he held to be eternal and not empty of self nature The buddha nature is perfect with all its characteristics inherently present in all living beings It is only the impermanent and temporary afflictions veiling the buddha nature that are empty of self nature and must be removed through the practice of the path to allow it to manifest Dolpopa establishes the validity of his theories with an ocean of quotations selected from Indian Buddhist scriptures and treatises of indisputable authority showing us that the ultimate is a true eternal and established reality empty merely of other relative phenomena

Tibetan Lives Peter Richardus, 2014-03-18 In the early years of the 20th century control over Tibet was contested by three major empires those of China Russia and Britain The imperial powers and those who came in their wake missionaries scholars traders and soldiers employed local staff to assist in their dealings with the Tibetans and these employees were in the vanguard of Tibet's encounter with the outside world Yet they have been largely forgotten by history and most of the knowledge and understandings that they gained have been lost It was left to a Dutchman Johan van Manen and hence an outside observer of the British imperial system to preserve the impressions of three who served on the periphery of the imperial system The three autobiographies that make up this book crowded with ethnographical sociological and historico religious data offer a unique insight into the world of the intermediary class In addition to being interesting and entertaining they are an important contribution to our understanding of the history of Tibet and its opening up to cultures beyond its own

teachers to navigate complex networks of political and financial patronage the cultural and social innovation linked to the revival of ancient Buddhist civilizations and the role of women in Buddhism Four introductory stage setting chapters precede the biography and four concluding chapters discuss the establishment of the reincarnation lineage and the role of the current incarnation under the peculiarly contradictory communist system
