George Klay Kieh, Jr.

2015 16 Kuccps Selected Students:

The Elusive African Renaissance George Klay Kieh, Jr., 2018-09-12 Africa faces several major development challenges that have adversely affected the political and material well being of the majority of the people living there This collection of new essays rigorously analyzes those frontier development issues including democracy leadership the economy poverty alleviation through microfinance schemes food security education health and political instability and offers prescriptions that differ from the dominant neoliberal solutions Advancing Africa's Sustainable Development Alain L. Fymat, 2018-11-14 While many African countries lag behind the rest of the industrialised world in scientific and medical research and development the situation is progressively improving This is why the Society for the Advancement of Science in Africa was established to contribute to economic advancement and sustainability through science research education and innovation This book provides a selection of papers from the Advancement of Science in Africa s fourth annual conference The conference was held under the overarching theme of science technology and innovation in Africa with several important sub themes including but not limited to improving health research and disease surveillance education collaborating in research responding to epidemic diseases with high mortality in Africa and promoting women s interest in science careers The collection illustrates how although the chapter contributors come from various countries and universities representing their own academic research they all share a common interest in advancing science technology and innovation in Africa

Addressing Issues of Learner Diversity in English Language Education Tran, Thao Quoc, Duong, Tham My, 2024-04-22 In the dynamic context of English language education learners bring many differences in identity motivation engagement ability and more Addressing Issues of Learner Diversity in English Language Education recognizes that traditional one size fits all approaches to language education are insufficient in meeting the needs of a varied and global learner population It grapples with effectively teaching English to individuals with diverse linguistic backgrounds learning styles and cultural contexts The challenges range from learner autonomy and motivation issues to navigating mixed level classes and integrating technology into language teaching Drawing on current research trends and cutting edge methodologies this book captures the diverse voices of contributors from various ESL EFL settings offering context specific solutions to the myriad challenges faced in language education The book illuminates the nuanced phenomena within English language education it showcases innovative theoretical frameworks and up to date research findings By addressing learners as singular individuals and collectives the publication guides educators in enhancing individual competencies and maximizing the potential of each learner **Higher Education and Policy for Creative Economies in Africa** Roberta Comunian, Brian J. Hracs, Lauren England, 2020-11-04 The book reflects on the role of the creative economies in a range of African countries namely Ghana Kenya Nigeria South Africa and Uganda Chapters explore how creative economies emerge and can be supported in African countries The contributors focus on two key dimensions the role of higher education and the

role of policy Firstly they consider the role of higher education and alternative forms of specialised education to reflect on how the creative aspirations of students and future creative workers of these countries are met and developed Secondly they explore the role of policy in supporting the agendas of the creative economy taking also into consideration the potential historical dimension of policy interventions and the impact of a lack of policy frameworks The book concludes by reflecting on how these two pillars of creative economy development which are usually taken for granted in studying creative economies in the global north need to be understood with their own specificity in the context of our selected case studies in Africa This book will be of interest to students scholars and professionals researching the creative economies in Africa across the humanities and social sciences All the royalties from the publication of this book will be donated to the not for profit organisation The Craft and Design Institute CDI <https://www.thecdi.org.za> in South Africa supporting capacity building for young creative practitioners from disadvantaged backgrounds
