The Dusk of Design Jose Antonio Lara-Hernandez, Alessandro Melis, Paola Boarin, Priscila Besen, 2025-01-13 The Dusk of Design explores the intersection of evolutionary theories and architectural design Drawing inspiration from the concept of exaptation in biology the book argues that natural selection as the most successful designer on our planet thrives on the diversity variability and redundancy of creative structures By transferring these mechanisms to architectural design the book contends that we can

cultivate more resilient and sustainable architecture and cities in the face of environmental crises This book seeks to illuminate the profound potential of multidisciplinary by examining case studies from architecture worldwide By exploring how evolutionary theories can explain various architectural phenomena it aims to inspire architects designers researchers and students to adopt a holistic and transdisciplinary approach to their work The book provides a clear and concise overview of evolutionary principles demonstrating their relevance to architecture It will showcase a range of case studies that highlight the application of evolutionary theories in solving architectural challenges such as adaptive reuse sustainable urban planning and resilient design in the face of climate change Ultimately The Dusk of Design aims to bridge the gap between biology and architecture presenting a fresh perspective on how we can create more innovative sustainable and resilient built environments

Hope and Healing in Urban Education Shawn Ginwright, 2015-07-30 Hope and Healing in Urban Education proposes a new movement of healing justice to repair the damage done by the erosion of hope resulting from structural violence in urban communities Drawing on ethnographic case studies from around the country this book chronicles how teacher activists employ healing strategies in stressed schools and community organizations and work to reverse negative impacts on academic achievement and civic engagement supporting their students to become powerful civic actors The book argues that healing a community is a form of political action and emphasizes the need to place healing and hope at the center of our educational and political strategies At once a bold revealing and nuanced look at troubled urban communities as well as the teacher activists and community members working to reverse the damage done by generations of oppression Hope and Healing in Urban Education examines how social change can be enacted from within to restore a sense of hope to besieged communities and counteract the effects of poverty violence and hopelessness
