Ancient China Russell Roberts, 2012-09-30 Qin Shi Huangdi the First Emperor of China was a man of incredible contrasts He was a visionary leader who united all of China's warring kingdoms into one unified country thus paving the way for the modern Chinese nation He developed a national currency a standard writing style and a road network that stitched the country together Yet he was also evil and cruel He burned books imposed harsh taxes and killed thousands of people The story of Qin Shi Huangdi brackets the story of ancient China emerging into modern times It's a story of a country whose discoveries such as silk tea and the iron plow had a significant impact on the entire world but whose people lived simply unaware of their vast influence Although the story of Qin Shi Huangdi ended with his unusual death China's story was just beginning *The Ancient Chinese* Julia Waterlow, 1994 Through maps ancient artifacts and paintings the wonders of ancient China are revealed Includes detailed descriptions of ancient Chinese family life clothing warfare and trade *The Totally Gross History of Ancient China* Jennifer Culp, 2015-12-15 A unique overview of the fashion and dress diet hygiene medicine and other cultural aspects of the ancient Chinese This entertaining yet informative book details practices that may seem peculiar to today's students while respectfully contextualizing another culture and time especially one as ancient rich and foundational as that of ancient China Readers are drawn in by the sometimes distasteful details the fun gross out factor but also gain an appreciation of the inventiveness sophistication and practicality of the ancient Chinese Overall this title is a lively exploration of the scientific and cultural practices of a pre modern civilization
