Sport and Exercise Psychology Julia Schöler, Mirko Wegner, Henning Plessner, Robert C. Eklund, 2023-02-25 This textbook covers topics in sport and exercise psychology for students of psychology and sport science as well as for sport practitioners who want to understand topics in sport psychology in more detail and depth The book is divided into two main parts Theory and Application The first part covers the theoretical facets of sport and exercise psychology and the close link between theory and practice divided into the sub disciplines of psychology cognition motivation emotion personality and development and social processes The second part focuses on the applications of sport and exercise psychology in the context of performance and health With contributions from scholars across the globe the book offers an international and timely perspective on the key fundamentals of sport psychology Taken together these chapters provide a challenging yet accessible overview of the larger field of sport and exercise psychology This book is suitable for readers at different levels of competence supported with didactic elements learning objectives and learning control questions to find the right learning level

Talent Identification and Development in Youth Soccer Adam Kelly, 2023-09-11 Talent development pathways in youth soccer provide opportunities for young players to realise their potential Such programmes have become increasingly popular throughout governing bodies professional clubs and independent organisations This has coincided with a rapid rise in sport science literature focused specifically on optimising player development towards expertise However the decreasing age of recruitment biases in selection inconsistencies in the language used underrepresented populations and large dropout rates from pathways have magnified the potential flaws of existing organisational structures and settings Moreover despite both the professionalisation of talent development pathways and growing research attention we still know little about the characteristics that facilitate accurate recruitment strategies into pathways and long term development outcomes Talent Identification and Development in Youth Soccer provides an all encompassing guide for both researchers and practitioners by gathering the existing literature to help better understand the current context of this discipline Chapters are contributed by a team of leading and emerging international experts examining topics such as technical tactical physical psychological social activities and trajectories career transitions relative age effects creativity and genetics with each chapter offering important considerations for both researchers and practitioners With a dual emphasis on both theory and practice this book is an important text for any student researcher coach or practitioner with an interest in talent identification talent development youth soccer soccer

coaching or expertise and skill acquisition *Coach Education in Football* Thomas Leeder, 2022-06-09 Association Football is undoubtedly a global sport with millions of individuals participating in more than 200 countries The need for an educated football coaching workforce to deliver appropriate coaching practices has never been greater Formal coach education which is often the primary medium for developing football coaches is socially constructed meaning an array of social cultural and historical factors underpin the design and delivery of any provision *Coach Education in Football Contemporary Issues and Global Perspectives* is the first book to explicitly explore these aspects by providing critical insight into football coach education programmes from across the globe Each chapter organised via a central theme highlights a contemporary issue affecting football coach education and development within a specific country offering insights into the contextual opportunities and challenges The book covers essential topics including the progression of female football coaches coaches perspectives towards current provision technological and pedagogical advances and the historical development of formal coach education Each chapter demonstrates the complexities associated with developing football coaches within grassroots and high performance domains while providing recommendations for national governing bodies policy makers and coach developers This book is the first of its kind to explicitly investigate football coach education globally This accessible book is an important read for students academics and practitioners with an interest in sports coaching coach education and football
