French Cartoon Art in the 1960s and 1970s Wendy Michallat, 2018-07-25 Pilote s unique position in a new and fast developing youth press market The French comic magazine Pilote hebdomadaire arrived in a weakening comics market in 1959 largely dominated by syndicated translations of American comics and comics inspired by a Catholic ethos It tailored its content and tone to an older adolescent reader far removed from that of France s infant comic Pilote s profile set it on a turbulent course subject to the vicissitudes and fickleness of fashion which situated it within an emerging teenager press under pressure to renew and innovate to survive When it made cartoons its defining characteristic in 1963 Pilote articulated its uniqueness by channelling teenager discourse through them whilst also trying to encourage a zest for education in a modernising and economically buoyant France of exciting new opportunities Pilote s cartoon art thus became a dynamic repository for the ideas and attitudes of France s educated youth which evolved into the radical discourses of the lifestyle and political revolutions of the late 1960s and early 1970s This book

tells how Pilote hebdomadaire's unique positioning in a new and fast developing youth press market for teenagers provided the forum and catalyst for the bande dessinée's stylistic evolution over the course of the 1960s and 1970s **Brain Freeze**

Tessa Morris-Suzuki,2020-07-01 Despite predictions of the death of the past and the end of history the past refuses to go away In fact the start of the twenty first century has seen an upsurge of interest in popular representations of history on the large and small screen and of impassioned political conflicts over rival understandings of the past Historical responsibility and apology have become contentious topics of domestic politics and of international diplomatic relations and memory a profitable commodity for sale to mass markets Against this background how do historians deal with the problems of the search for historical truth The Past Within Us approaches these issues by examining the problems of representing history in the popular media Drawing on examples from East Asian and American as well as European history it poses the question What happens when accounts of history are transferred from one medium to another How far does the medium shape the message How can historians deploy contemporary media in ways which evoke and develop the historical imagination From the romances of Walter Scott to Steven Spielberg blockbusters from online Irish nationalism to Japanese revisionist comic books The Past Within Us explores some of the more dramatic modern popular representations and reflects on the key challenges and possibilities for the communication of history in a multimedia age *France* Ethel Gofen,Blandine Pengili

Comics and Novelization Benoît Glaude,2023-05-24 This book opens a novel perspective on comics and literature interactions It claims that the two artistic media have always maintained a mutual emulation for as long as they have coexisted in media culture To demonstrate this the present research does not focus on literary adaptations in comics form but rather on a literary corpus that remains virtually unexplored comics related novels The purpose of this volume is to inventory French comics related novels and to study them Within the limits of the French speaking world this book pieces together a literary history of bande dessinée through its novels from the nineteenth to twenty first centuries Although the comic strip including the aptly named graphic novel has sometimes been regarded as the disciple of an unsurpassable literary model do these understudied adaptations in novel form not rather indicate a mutual relationship or even an emulation between the two media **Comics and the Origins of Manga** Eike Exner,2021-11-12 *Comics and the Origins of Manga* challenges the conventional wisdom that manga evolved from traditional Japanese art and reveals how Japanese cartoonists in the 1920s and 1930s instead developed modern manga out of translations of foreign comic strips like Bringing Up Father Happy Hooligan and Felix the Cat
