Near Enemies of the Truth Christopher D. Wallis,2023-11-14 Tantric philosopher and Oxford scholar Christopher Wallis calls out the seemingly helpful spiritual teachings dominating our current culture and demonstrates how these near truths stand in the way of a more radically free and meaningful life and ultimately a deeper spiritual awakening Have you ever been told You create your own reality Have you been encouraged to be your best self or follow your bliss Nowadays these slogans are everywhere but what if they re doing more harm than good After over thirty years as a scholar practitioner of meditation and Tantric philosophy acclaimed author Christopher Wallis also known as Hareesh explores the most widespread distortions of spiritual teachings present in our world today Rooted in the Asian wisdom traditions Wallis s book uncovers why these oft heard platitudes are near enemies to the truth often detour us off the spiritual path and can even cause unnecessary suffering In asking us to question what we ve accepted as truth Wallis reveals how teachings like become the best version of yourself may have helped us at one stage in our journey but can ultimately lead us away from self acceptance and compassion and cause us to prioritize an imagined ideal over true intimacy with reality Understanding the near enemies is vital for any spiritual seeker who is ready to create a deeper more fulfilling practice and will help you Distinguish between truth and belief Communicate more authentically with loved ones Set healthier boundaries Be in greater harmony with reality Practice radical self acceptance

Near Enemies of the Truth offers itself as a guide to the pitfalls of the spiritual life However it doesn t focus on the negative In each chapter after pointing out how a spiritual teaching can be construed in a non beneficial way Wallis focuses on the deeper truth and ancient wisdom underlying that teaching which is often obscured

by its popular bumper sticker version Each chapter contains a supportive insight for your spiritual process and or for your everyday life including guided meditations and reflections Written in a gentle and encouraging tone this book offers a wealth of insight and guidance for anyone who finds themselves struggling reaching a spiritual plateau or simply seeking a more meaningful way forward This timely companion will help you think differently and see through the smokescreens to what is true

Just Awakening Jessica X. Zu,2025-03-18 Just Awakening uncovers a forgotten philosophy of social democracy inspired by Yog c ra an ancient nondualistic Buddhist philosophy that claims everything in the perceptible cosmos is mere consciousness and consists of multiple karmically connected yet bounded lifeworlds This Yog c ra social philosophy emerged in the late nineteenth and early twentieth centuries among Chinese intellectuals who struggled against the violent Social Darwinist logic of the survival of the fittest Its proponents were convinced that the root cause of crisis in both China and the West was epistemic an unexamined faith in one common objective world and a subject object divide This dualistic paradigm in their view had dire consequences including moral egoism competition for material wealth and racial war Yog c ra insights about plurality interdependence and intersubjectivity however had the capacity to awaken the world from these deadly dreams Jessica X Zu reconstructs this account of modern Yog c ra philosophy arguing that it offers new vocabularies with which to reconceptualize equality and freedom Yog c ra thinking she shows diffracts the illusions of individual identity social categories and material wealth into aggregated recurring karmic processes It then guides the reassembly of a complex society through nonhierarchical noncoercive and collaborative actions sustained by new behavior patterns and modes of thought Demonstrating why Chinese Buddhist social philosophy offers powerful resources for social justice and liberation today Just Awakening invites readers to think with modern Yog c ra philosophers about other ways of building egalitarian futures

The Awakening Coast Karl Offen,Terry Rugeley,2014-06-01 The indigenous and Creole inhabitants Mosquitians of African descent of the Mosquito Reserve in

present day Nicaragua underwent a key transformation when two Moravian missionaries arrived in 1849. Within a few short generations the new faith became so firmly established there that eastern Nicaragua to this day remains one of the world's strongest Moravian enclaves. The Awakening Coast offers the first comprehensive English language selection of the writings of the multinational missionaries who established the Moravian faith among the indigenous and Afro descendant populations through the turbulent years of the Great Awakening of 1881 to 1882 when converts flocked to the church and the mission's membership more than doubled. The anthology tracks the intersection of religious, political and economic forces that led to this dynamic religious shift and illustrates how the mission's first fifty years turned a relatively obscure branch of Protestantism into the most important political and spiritual institution in the region by contextualizing the Great Awakening Protestant evangelism and indigenous identity during this time of dramatic social change.

The Spirituality of the German Awakening August Tholuck, 2003. This volume introduces readers to the faith and work of four figures of the 19th century revival movement called the German Awakening: August Tholuck (1799-1871), Johann Hinrich Wichern (1808-1881), Theodor Fliedner (1800-1864), and Friedrich von Bodelschwingh (1831-1910). The German Awakening engendered a spirituality that fostered human kindness grounded in awakened faith and gave it the shape of loving service to society. This remarkable and unique scholarly contribution translates the majority of its materials for the first time in English; includes a variety of spiritual genres: sermons, hymns, commentaries, mission statements, etc.

The Awakening Elizabeth Bluehorse, 2005-06-01. Through the illumination of Sacred Light we discover who we are. Through knowledge of the Truth we Awaken to that which we have always been.

Thy Gods Awaken Anthony C. Valiulis, 2024-06-04. The gods the One and the Four are at war. What they don't know maybe because they have been sleeping for millennia is that two immortals are trying to usurp their power. Kayla, a human girl, is at the center of this plan. On the eve of her eighteenth birthday when she and her twin are planning on running away to start a new life, Kayla is abducted, assaulted, and then lost in the Land of the Two Suns. And much to her dismay everyone is trying to find and control her. Her new life has finally begun but not in the way she dreamed.

Awakening The Slumbering Spirit John Loren Sandford, Paula Sandford, Lee Bowman, 2012-09-20. Have you ever longed to do something great for God but lacked the ability to put feet to your longings? Have you tried to overcome your lack of passion for God or the things of God but felt harnessed by spiritual lethargy? Do you want to impact your world for God? This book unveils the possibility that your own inner spirit may be slumbering, unfocused, even apathetic because of unresolved spiritual issues. It shows how this can affect your conscience or hinder you from building and sustaining personal relationships, intimate communication, and devotional life. As you read this uniquely written book, you will find life-transforming principles for allowing the Holy Spirit to awaken your personal spirit and help you learn to walk confidently in the nature and image of Christ.

Awakening the Evolutionary Spirit Margaret Barry, 2007-08-30. My book is about an awakening within where I began a journey in discovering who I am and who God is. This story told in poetry and reflections is not for me alone but for

all searching souls who wish to know what is at the core or source of their being My desire is to reveal to the people of God the possibilities that lie in store for his beloved creations Love gives birth to new life and to this mystic the new woman It has given me cause to believe that a new world of people will soon emerge with a new consciousness a new spirit of awareness becoming the epitome of our creator s design the Omega person I believe the experiences expressed within these pages are a companion experience to the feminine of God which is the Holy Spirit of God who has been attempting to be in union with and at oneness with human beings She like most women has been overlooked ignored rejected and even denied by blind male dominated hierarchical religions However the evolution of our species which is becoming more and more like its creator is entering a phase of experiencing an awakening or awareness of Being which will unite us not only to God but to one another in order that the Cosmic Christ a new creation will be born The Awakening West , The days when those in the West looked towards the Eastern religious traditions for enlightenment are coming to an end Western spirituality has come into its own drawing on the rich philosophies of Zen Hinduism Advaita Vedanta Kashmiri Shaivism Judaism and Christianity In this book Western spiritual teachers and seekers at the front of this movement explore this phenomenon and share their experience warmth and wisdom The book includes writing by Adyashanti Peter Fenner Gangaji Douglas Harding Catherine Ingram Kenny Johnson Francis Lucille Satyam Nadeen Mira Pagal Robert Rabbin Byron Katie Rolle Isaac Shapiro Lama Surya Das Christopher Titmus and Eckhart Tolle **The Golden Dawn of Awakening** Colin Drake, 2018-04-13 The main aim of this book is to act as a stand alone guide to Awakening which is synonymous with Enlightenment when maintained The title comes from a photo I took of the dawning of a golden day which a friend suggested I use as for the cover This book is composed of articles resulting from my further investigations and contemplations into the nature of Reality The thrust of the book is that beneath the surface appearance of thoughts including all mental activity and sensations there is a deeper level of being which is the perceiver of these The former are a flow of fleeting objects whereas the latter which is the Awareness of these is a constant conscious subjective presence This is the only constant that has been with you since you were born and that which has witnessed your entire life So this is what you actually are rather than the ever changing body mind in which these thoughts and sensations have occurred **Amplification Meditation: The New Science of Awakening** Adam "Zero" Wagner, Are you a textbook overthinker Does your mind constantly run Does it make it hard to fall asleep Did you know you can control the mind Did you know that it has an off switch I know I was pretty mad no one ever told me until now either Six simple steps can guide one to master the mind It will lead them to enlightenment It is to turn the mind off Is this world the way it is because you asked yourself and indeed it is Or is it the way it is because someone told you how it was and you believed them The truth has been written down hundreds of times before but those books don t work The answer is the present moment it is the now you have been preached We just have not been taught to sustain it Sustainability and the translational divide between the enlightened and the common mind masses is what Wagner tackles in this revolutionary

guide In this genre defining self help guide a normal burnt out depressed man cuts through the crap to show us how to Awaken so that we can truly become better happier people For decades we ve been told that an enlightened person is Peaceful and Serene Loving Kind and Compassionate Not Self Centered Emotionally Stable Patient and Understanding Humble Insightful and Open Minded Complete bullsh t Adam Wagner says This book outlines a process that can guide one to enlightenment The language surrounding enlightenment is fanciful and misleading Enlightenment is to stop the mind To stop your thoughts As simple as that Amplification Meditation The New Science of Awakening is his antidote to the typical work sleep work die lifecycle we find ourselves in as a society It is his way out Wagner makes the argument backed both by academic research and well timed cannibalism jokes that Enlightenment hinges not on our ability to embrace the power of now but on being able to turn off the brain Human beings have collectively suffered enough We have never been taught to stop our minds An active mind is highly encouraged We were educated for 18 years and then sent into the world to think ourselves into a better life No one ever mentioned the off switch You will have strong feelings I am wrong and that to turn it off would be extremely detrimental Wagner makes clear This is your ego snarling at an idea that is very threatening to it To stop the mind is to kill the ego A much needed grab you by the shoulders and look you in the eye moment of real talk filled with entertaining stories and profane ruthless humor Amplification Meditation The New Science of Awakening is a refreshing slap for a generation to help them begin a great awakening We discuss Eckhart Tolle Leo Guru Allan Watts and all the modern spiritual culture that has us so lost Your rating and reviews will be very helpful to me going forward If you enjoy the book please consider rating and reviewing Thank you kindly They will be released for free to spread awareness Please share them where you can

Awakening to One's Conscience Art Aeon, Awakening to One's Conscience Inner Journey into Human Nature 3 by Art Aeon is a fictional narrative poem in the tercet stanza It unfolds imaginary dialogues between the character Homer Outis the bard of The Odyssey and the character Odysseus the protagonist of The Odyssey in a numinous dream of the epic poet Following Helen's crucial revelation of the human causes of the Trojan War at her death Odysseus and Penelope take on intrepid adventures to the ruins of Troy On the way they meet the characters Idomeneus in Crete Diomedes at sea Chryseis in Thebe Tecmessa and Telamon in Troy Overcoming many formidable adversities Odysseus and Penelope eventually fulfill Helen's last wish to be united with Paris in Troy even as ashes But they are captured by the new Trojan king Helenus In magnanimous foresight Helenus sets free his worst foe Odysseus to serve Aethon a holy sage at the shrine in Mt Ida Odysseus pursues a new life as a humble hermit with sincere repentance of his past life Penelope becomes a trusty friend to the queen Andromache in Helenus's new kingdom Eventually Odysseus finds a lad who is identified as the son of Helen by Paris called Ganymede He succeeds to Helenus's kingdom After Aethon's death Penelope succeeds him as the new spiritual leader in Mount Ida Odysseus leads an international school in Mount Ida dedicated to training young future leaders of peoples for enlightenment peace and prosperity of humanity Odysseus relates to Homer Outis what he and Penelope learned

from wise Aethon about the wisdom and theology of ancient Egypt They realize that personified deities are not real entities but mere wishful illusions invented by humans in their minds Eventually Homer Outis becomes enlightened he confesses to Odysseus that he has been misled in proud vanity to follow guileful minstrels who abused hoax muses as their poetic conceits to justify their travesties of absurd divine affairs He vows to sing of the plain truth deep from his pure conscience without the poetic conceit of hoax muses Odysseus and Homer Outis become mysteriously transfigured into one enlightened being At this moment the earnest and conscientious bard Homer Outis wakes up from his spiritual dream inspired afresh to write a new epic Inner Journey into Human Nature

The Awakening Alicia Ashley, 2008-04-01 This book aims to show readers the actions they must take to start attracting the life they want Ashley explains the three powerful steps necessary for success how many people sabotage their success and why and finally how to change those negative behaviors

Siddhartha Hermann Hesse, Published during Germany's inflationary crisis Siddhartha channels postwar Europe's search for meaning beyond material ruin Set in ancient India the novel's ascetic ethos and rejection of dogma mirrored the era's turn to Eastern spirituality as an antidote to Western disillusionment Hesse's immersion in Indology coupled with his friendship with psychoanalyst Josef Lang infuses the narrative with syncretic philosophy blending Buddhist impermanence with Jungian self actualization In placing a German written novel in an idealized Indian past Hesse was tapping into contemporary fascination with Eastern philosophy providing a timeless backdrop for questions that to his generation felt urgent How does one find harmony in a world of suffering What is the meaning of life beyond material success Set against the backdrop of ancient India but written in the aftermath of World War I Siddhartha first appeared in Germany through S Fischer Verlag though its true cultural impact would wait decades igniting across America during the 1960s when its English translation became a talisman for spiritual seekers Hesse's spare almost parable like prose traces the journey of its namesake not the historical Buddha but a contemporary who rejects traditional teachings to seek truth through direct experience The novel's structure divided between the spiritual search and the later immersion in sensual life mirrors Hesse's own intellectual oscillation between ascetic ideals and physical existence Its deceptive simplicity masks complex philosophical undercurrents in crafting Siddhartha's encounter with the river and its timeless wisdom Hesse borrows from Eastern philosophy while retaining distinctly Western existential concerns What distinguishes this work from mere cultural appropriation is Hesse's refusal to offer easy answers spiritual awakening arrives not through doctrines or dramatic epiphanies but through a gradual almost imperceptible letting go The novel stands as an unusual literary hybrid a German text about Indian spirituality that found its greatest audience among American youth crossing cultural boundaries with unexpected ease Hesse's prose is spare and lyrical resembling a gentle fable or a piece of devotional poetry Much of the book's power comes from what happens within its seeming simplicity for instance Siddhartha's long silent watches by the river are described in short sentences that mirror the character's meditative calm Symbolism is woven throughout the river itself becomes a teacher and recurring images

water fire the stone carry deep significance about the unity of all experience Rather than expounding doctrine Hesse dramatizes the idea that enlightenment cannot be taught by others but must be lived the novel s most famous lesson is that wisdom is gained not through words but through listening and being fully alive to each moment Readers in 1922 would have found Siddhartha to be at once exotic and intimate exotic in its setting and customs intimate in its focus on one man s inner voice Its tone is neither sensational nor preachy but patiently reflective As a novel Siddhartha gained a reputation for marrying Western narrative form to Eastern spirituality embodying Hesse s own cosmopolitan hope that understanding personal and universal could transcend cultural boundaries For its first audiences it stood as a gentle yet profound plea for inner harmony artfully posed in the aftermath of a tumultuous era This new edition features a fresh contemporary translation of Hesse s early work making his philosophical existentialist literature accessible to modern readers from the original Fraktur manuscripts Enhanced by an illuminating Afterword focused on Hesse s personal and intellectual relationship with Carl Jung a concise biography a glossary of essential philosophical terms integral to his writings his version of Jungian Psychological concepts and a detailed chronology of his life and major works this robust edition introduces the reader to the brilliance of his literature in context It not only captures the depth and nuance of Hesse s thought but also highlights its enduring impact on the debates of the mid 20th century contemporary culture and Western Philosophy across the 20th and into the 21st century
