Harvey Daniels,Elaine Daniels,2013-10-11 Your fast track to student engagement Everywhere Smokey Daniels goes every school he visits every workshop he leads every keynote he gives there s one teaching strategy that teachers embrace above all others That single method for transforming students from passive spectators into active learners for evoking curiosity inspiring critical thinking and building powerful writers along the way Now with Elaine Daniels as Smokey s coauthor that best kept teaching secret is revealed to teachers at large *Written Conversations* Just what make *Written Conversations* so potent An ongoing thoughtful correspondence between students and between students and their teachers *Written Conversations* above all else catch and ride the wave of social interaction which in turn makes school matter to kids It s that simple Structure by structure from beginning to end Smokey and Elaine describe four variations of these silent writing to learn discussions during which all students in a classroom think and talk at once in writing instead of one at a time out loud How *Written Conversations* Work It all starts with mini memos short student letters that teachers use to introduce extend and assess class work Then come dialogue journals where pairs dive deeply into academic subjects Next groups of three or four students join in extended written discussions called write arounds Finally kids take their thinking online where they enjoy digital discussions with partners from their own classroom and with kids from around the world all the while you are

supported by detailed descriptions of each structure lessons and annotated student samples making this the most practical teaching book in recent memory What kid wouldn't want to refine written argument skills clarify a point or defend another's viewpoint when the audience is people who matter And Yes Written Conversations align with the Common Core Standards for writing reading language and speaking and listening taking students well beyond the standards themselves Scoffing at Scripture Frank Bolger Kelly, 2011-02 A former Roman Catholic Frank Bolger Kelly has long wondered why thinking humans as a whole in the 21st century have not yet been able to disenthral themselves from the demonstrable falsehoods and sectarian nonsense of organized religion A few years ago Kelly decided to sit down with the sacred scriptures of several of the world's major religions the alleged bedrocks of these various creeds in a last ditch effort to achieve holy inspiration Instead he became wholly disenchanted and Scoffing at Scripture A Commoner Reads the World's Holy Writ and Rejects Traditional Religion is the result Far from representing that all elusive Word of God creedal scripture the world over it seems to Kelly merely cloaks the tribal agendas and cultural designs of the world's priestly and virtually allmale elites With the general reader in mind the author has grouped together a series of compact discussions of religion and scripture for cross cultural comparative reference Kelly's intent is to facilitate critical analysis of the world's holy writ and in particular to encourage younger skeptical readers of a secular mind to confront the doctrinal scriptural and ritual absurdities of those faiths into which they were born and continue to be indoctrinated Frank Bolger Kelly grew up in an Irish Catholic family in the Bronx New York matriculated to a noted Jesuit college in New England and subsequently did time at a prestigious non sectarian institution of higher learning in the Midwest It was during his enlightening time at the latter that Kelly first began seriously to question not only his own religious upbringing but the scriptural bases of all the world's major religions Kelly was quickly convinced that the vast majority of the faithful the world over commoners like himself just might reconsider their religious roots and motivations in a new light if they actually bothered to immerse themselves for a time in their own sacred scriptures rather than merely fake familiarity with them Actually to read scripture in all its antiquated tendentious sectarian absurdity Kelly reasoned is to take a first giant step in renouncing irrational creeds of all kinds Thus was born Scoffing at Scripture A Commoner Reads the World's Holy Writ and Rejects Traditional Religion a book from which the author hopes the open minded reader will draw a secularly pure spiritual sustenance **So What Do They Really Know?** Cris
