Mowforth,Ian Munt,2015-12-22 By January 2015 the world s richest 80 people had as much wealth as the poorest 50 per cent
of the world s population It is a global unevenness through which the barriers to in migration of Third World migrants to
wealthy First World nations go ever higher while the barriers to travel in the reverse direction are all but extinct So how
exactly does tourism contribute to narrowing this glaring inequality between the rich and poor Are ever expanding tourism
markets a smoke free socioculturally sensitive form of human industrialisation Is alternative tourism really a credible lever
for reducing global inequality and eliminating poverty Tourism and Sustainability critically explores the most significant
universal geopolitical norms of the last half century development globalisation and sustainability and through the lens of new
forms of tourism demonstrates how we can better get to grips with the rapidly changing new global order The fourth edition
has been extensively revised and updated and benefits from the addition of new material on climate change and tourism
Drawing on a range of examples from across the Third World Mowforth and Munt expertly illustrate the social economic and
environmental conditions that continue to affect the tourism industry With the first edition hailed by Geoffrey Wall as one of
the most significant books produced on tourism since the turn of the millennium Tourism and Sustainability remains the
essential resource for students of human geography environmental sciences and studies politics development studies
anthropology and business studies as well as tourism itself **Guide to RBI Grade B Officers Phase I Exam 2020 - 4th**

Shambare,2023-12-14 Delivering Entrepreneurship Education in Africa brings together a collection of academic studies that offer an in depth analysis of the current state of entrepreneurship education in Africa The chapter authors engage

discussions on how to make entrepreneurship education an attractive field of study for African students Digital Content Creation Rae Earnshaw, John Vince, 2012-12-06 The very word digital has acquired a status that far exceeds its humble dictionary definition Even the prefix digital when associated with familiar sectors such as radio television photography and telecommunications has reinvented these industries and provided a unique opportunity to refresh them with new start up companies equipment personnel training and working practices all of which are vital to modern national and international economies The last century was a period in which new media stimulated new job opportunities and in many cases created totally new sectors video competed with film CDs transformed LPs and computer graphics threatened traditional graphic design sectors Today even the need for a physical medium is in question The virtual digital domain allows the capture processing transmission storage retrieval and display of text images audio and animation without familiar materials such as paper celluloid magnetic tape and plastic But moving from these media to the digital domain introduces all sorts of problems such as the conversion of analog archives multimedia databases content based retrieval and the design of new content that exploits the benefits offered by digital systems It is this issue of digital content creation that we address in this book Authors from around the world were invited to comment on different aspects of digital content creation and their contributions form the 23 chapters of this volume
