Loving Sheryll Cashin, 2017-06-06 A powerful look at Loving v Virginia the landmark case of interracial love and marriage that changed American history and inspired the 2016 film *White supremacy has long foiled love and love has long foiled white supremacy* Sheryll Cashin offers us this essential historical revelation and urges us to renew our old fight for the human right to love Ibram X Kendi author of *Stamped from the Beginning* When Mildred and Richard Loving wed in 1958 they were ripped from their shared bed and taken to court Their crime miscegenation punished by exile from their home state of Virginia The resulting landmark decision of Loving v Virginia ended bans on interracial marriage and remains a signature case the first to use the words white supremacy to describe such racism Drawing from the earliest chapters in US history legal scholar Sheryll Cashin reveals the enduring legacy of America's original sin tracing how we transformed from a country without an entrenched construction of race to a nation where one drop of nonwhite blood merited exclusion from full citizenship In vivid detail she illustrates how the idea of whiteness was created by the planter class of yesterday and is reinforced by today's power hungry dog whistlers to divide struggling whites and people of color ensuring plutocracy and undermining the common good Not just a hopeful treatise on the future of race relations in America Loving challenges the notion that trickle down progressive politics is our only hope for a more inclusive society Accessible and sharp Cashin reanimates the possibility of a future where interracial understanding serves as a catalyst of a social revolution ending not in artificial color blindness but in a culture where acceptance and difference are celebrated **Focus On: 100 Most Popular**
