Illustration by Rebekah Hanousek-Monge

Many people don't realize that theater began thousands of years ago. It began in Ancient Greece. Greek drama dates from the 600s B.C.E. That's when singing groups called choruses put on shows to pay **tribute**¹ to Dionysus, an ancient Greek god.

In 534 B.C.E., in the city of Athens, a contest was held. Men competed to be the best actor in Greece. A man named Thespis won. Sometimes actors are called thespians. This word comes from Thespis, the best actor in ancient Greece.

All Greek actors were men. They wore masks and played the female roles as well as the male roles. One character could have several different masks. If the character was happy, the actor would wear a mask with a smiling face. If the character was angry, the actor would put on a mask with an angry face. One actor played many different roles in the same play. To change character, he would just change masks.

Most ancient Greek dramas were tragedies. The tragedies always had sad endings. Nothing ever seemed to work out for the main characters. There was often death and destruction, **betrayal**² and broken hearts.

¹ **tribute**: something given to show respect

² **betrayal**: to go over to an enemy or not keep your word about something important

Teachers of Petrarch's *Canzoniere* and his formative influence on the canon of Western European poetry face particular challenges. Petrarch's poetic style brings together the classical tradition, Christianity, an exalted sense of poetic vocation, and an obsessive love for Laura during her life and after her death in ways that can seem at once very strange and, because of his style's immense influence, very familiar to students. This volume aims to meet the varied needs of instructors, whether they teach Petrarch in Italian or in translation, in surveys or in specialized courses, by providing a wealth of pedagogical approaches to Petrarch and his legacy. Part 1

Materials reviews the extensive bibliography on Petrarch and Petrarchism covering editions and translations of the Canzoniere secondary works and music and other audiovisual and electronic resources Part 2 Approaches opens with essays on teaching the Canzoniere and continues with essays on teaching the Petrarchan tradition Some contributors use the design and structure of the Canzoniere as entryways into the work others approach it through discussion of Petrarch's literary influences and subject matter or through the context of medieval Christianity and culture The essays on Petrarchism map the poet's influence on the Italian lyric tradition as well as on other national literatures including Spanish French English and Russian
