continuing resonance of the parable The media range from etchings paintings ceramics sculpture and fabric The collection reveals the desire of the artists to delve into the meaning of the parable and to convey that meaning to others Some artists depict the entire narrative in a series of works usually four to six segments Others focus on one aspect such as the pig pen or the return of the prodigal The segment most frequently portrayed by a single print is the homecoming embrace by the father the scene that represents the focus of the parable and thus of faith grace and forgiveness *Notes of a sermon at the Bowdon independent church, on ...
