Pro Ecclesia Vol 27-N2 Pro Ecclesia, 2018-04-30 Pro Ecclesia is a quarterly journal of theology published by the Center for Catholic and Evangelical Theology

Growth and Decline in the Anglican Communion David Goodhew, 2016-12-15 The Anglican Communion is one of the largest Christian denominations in the world Growth and Decline in the Anglican Communion is the first study of its dramatic growth and decline in the years since 1980 An international team of leading researchers based across five continents provides a global overview of Anglicanism alongside twelve detailed case studies The case studies stretch from Singapore to England Nigeria to the USA and mostly focus on non western Anglicanism This book is a critical resource for students and scholars seeking an understanding of the past present and future of the Anglican Church More broadly the study offers insight into debates surrounding secularisation in the contemporary world

The Religious Lives of Older Laywomen Abby Day, 2017 The Religious Lives of Older Laywomen draws on ethnographic fieldwork cross cultural comparisons and relevant theories exploring the beliefs identities and practices of Generation A Anglican laywomen born in the 1920s and 1930s Now in their 70s 80s and 90s they are often described as the backbone of the Church and likely its final active generation The prevalence of laywomen in mainstream

Christian congregations is a widely accepted phenomenon that will cause little surprise amongst the research community or Christian adherents. What is surprising is that we know so little about them. Generation A laywomen have remained largely invisible in previous work on institutional religion in Euro American countries particularly as the focus on religion and gender has turned to youth sexuality and priesthood. Female Christian Generation A is on the cusp of a catastrophic decline in mainstream Christianity that accelerated during the post war post 1945 age. The age profile of mainstream Christianity represents an increasingly aging pattern with Generation A not being replaced by their children or grandchildren the Baby Boomers and generations X Y and Z. Generation A is irreplaceable and unique. Generation shares specific values beliefs behaviors and orientations therefore when this generation finally disappears within the next five to 10 years their knowledge insights and experiences will be lost forever. Abby Day both documents and interprets their religious lives and what we can learn about them and more widely about contemporary Christianity and its future. *Explorations in Twentieth-century Theology and Philosophy* Ann Loades, 2023-04-11. Ann Loades has been instrumental in bringing forward for the attention of readers in later generations voices from the past notably highlighting the work of pioneering women such as Evelyn Underhill and Dorothy L Sayers as well as advancing the study of better known Anglican forebears C S Lewis and Austin Farrer always with her own distinctive concerns. A key interpreter of the Anglican tradition and with a keen eye to ensure the full recognition of women these studies by Ann Loades are essential reading in Anglican feminist and twentieth century theology. Diving into the Gospel of John Bruce R. Reichenbach, 2023-02-09. Diving into the Gospel of John displays the rich and diverse arguments John presents for his thesis that Jesus is the Messiah the Son of God and that through believing readers/listeners will find eternal life. John's arguments are developed in four parts. The first two chapters develop the author's literary techniques that are often based on ambiguity and his key symbols and concepts the understanding of which are essential to fully appreciate the Gospel. Chapters 3 through 6 progressively portray the author's evidence for his thesis in the form of signs testimony of those who encounter Jesus Jesus's self identification and Jesus's relationships to others. Chapters 7 and 8 show how the author uses theatrically patterned dialogues and triadic discourses to convey Jesus's identity and mission. Finally chapters 9 through 11 provide important hints that the author gives for his thesis Jesus's appeals to time the indirect use of seven as the number of completeness and invocation of parentage in pointing to salvation. Through diving into the Gospel readers will discover the richness of John's argument the Jesus he portrays and the God Jesus reveals. The book aims to stimulate commitment challenge mind and spirit and encourage further reflection and conversation. Phenomenal Sydney Marcia Cameron, 2016-10-19. The Diocese of Sydney is admired hated loved and feared. While often criticized as no longer Anglican it has at its heart an adherence to classic Anglicanism. While to some it is a beacon in the darkness to others it is like a threatening bushfire. It is very large very wealthy and very influential in other places. Its opposition to ordaining women priests and in many parishes to women preaching mystifies and angers many Anglicans within and outside its

boundaries What makes this diocese such a phenomenon The answer lies in its history in the men and women who shaped it in a particular view of the authority of the Bible and in the influence wielded by some powerful institutions that have prospered Its energy comes from the Scriptural mandate for mission to bring the outsider into the community of Christian people but not to leave it there To educate them in the knowledge of Christ in a variety of creative and imaginative ways This book also looks at what Sydney has done badly It may help readers to learn from its past achievements and its mistakes

The Lives of the Wise in an Anti-God World Michael Kenneth Wilson, 2020-12-21 A world in which the lives of people are threatened and controlled either by an unpredictable megalomaniac or by a cold unyielding legal system A world of political skulduggery A world in which people experience a personal identity crisis and the rejection of their values and beliefs A world in which they face intimidation and bullying and an intense pressure to conform A world of ominous dreams and life threatening situations Sound familiar This book will help you to negotiate your way through such a world because it is the very world which confronted Daniel and his friends

Packard, 2014-02-01 A bishop comes to visit a congregation for many reasons a parish celebration baptism confirmation or a pastoral visit With black and white illustrations this interactive book for children and families describes the ministry of a bishop including symbols and apparel in preparation for the visit and worship Confirmands will find this book particularly helpful as it walks them through the liturgy of Confirmation During the actual Confirmation rite children will have a guide to follow along during the service making this book serve multiple purposes for young and old alike

The Bible and the Holographic Universe Cynthia C. Polsley, 2022-04-13 From holographic illusions simulated worlds and parallel universes to the multiverse from The Matrix Star Trek Marvel and DC Comics to Netflix and mobile games today's popular imagination is caught up with realities beyond our own Decades ago cosmologists speculated that our universe might be a gigantic holographic image Since then the holographic principle has only gained traction What is the holographic universe and how does it align with the Bible's picture of reality and Jesus Christ Are we a computer simulation Did aliens spark human life Is a multiverse a problem for God Do time and free will exist What does it all mean for Christians Introducing the holographic principle and exploring implications of other worlds through a Christian lens this basic guide gives individuals and small groups a perspective of eternal investment prayer study and intentional living that focuses on the Bible as the unchanging source of truth presenting practical information for sorting fact from fiction engaging with modern culture and finding a firmer worldview in Christ Not only is a holographic universe no threat to the Gospel but the Bible points to a higher reality hinting at the fingerprints of God in holographic theory

The Episcopal Church Annual, 1999 The annual report of the Episcopal Church

The Bible in Christian North Africa Jonathan P. Yates, Anthony Dupont, 2023-11-06 This second volume delves into the intricate dynamics that surrounded the use of Scripture by North African Christians from the late fourth to the mid seventh century CE It focuses on the multivalent ways in which Scripture was incorporated into the fabric of ecclesial existence and

theological reflection as well as on Scripture's role in informing and supporting these Christians' decision making processes. This volume also highlights the intricate theological and philosophical deliberations that were carried out between and among influential North African Christian leaders and scholars in diverse cultural and geopolitical settings while paying attention to the complex manner in which these Scripture-laden discourses intersected the wide variety of religious opinions and ecclesiastical and/or theological movements that so clearly marked this region in this era. Congregational Song in the Worship of the Church William L. Hooper, 2020-03-20 This book is a study of how congregational song developed and has been used in the worship of Western churches in general and specifically churches in the United States. Beginning with the worship of ancient peoples the Hebrews and early Christians and continuing to the present the author examines historically how song has been and is used as an intentional sacred ritual action like prayer or Scripture reading. Written primarily as an introductory text for college and seminary students the overall goal is to make a historical journey with the people, events and ideas from which have evolved the various types of song we have in American worship today. To help readers think more deeply about the material study questions are given at the end of each chapter. *Modern Chinese Theologies* Chloë Starr, 2023-06-20 This is the first volume in a series of three exploring modern Chinese theology. This volume covers Mainland and Mainstream church theologians of mainland China who were predominantly associated with mainline or missionary established denominations. In the post 1949 era of the People's Republic this translates into theologians and theological movements associated with the state authorized church the Chinese Catholic Patriotic Association and the Protestant Three Self Patriotic Movement. The volume is broadly chronological with each Part forming a thematic unity. Part I covers Republican and Wartime Theologies with seven chapters exploring theologies of resistance, ethics and themes of indigenization and Sinicization. Part II considers Protestant Denominational Developments in the first half of the twentieth century the complex legacy of mission history in China and the relationship between denominational church belonging and theological development. Part III Reform Era Theologies and Methodological Considerations begins in the height of the Maoist era and addresses the changing relationship between Christian and Communist thought in the writings of TSPM theologians the theological use of China's Christian past and the development of Roman Catholic theological education in the twenty first century. The sixteen essays of the volume represent a new generation of critical voices from the mainland Hong Kong and North America. The volume opens up the critical questions that have galvanized the modern Chinese church: who are we as Chinese Christians? How can our Christian faith serve the nation? What form should an indigenous church take and offers new perspectives for a contemporary audience. *The Living Church*, 1942 *Minutes of the Annual Conferences of the Methodist Episcopal Church*, 1866 *The Bible and Lay People* Revd Dr Andrew Village, 2013-05-28 There are many books about how people ought to interpret the Bible. This book is about how people in churches actually interpret the Bible and why they interpret it in the way that they do. Based on a study of Anglicans in the Church of England it explores the

interaction of belief personality experience and context and sheds new light on the way that texts interact with readers The author shows how the results of such study can begin to shape an empirically based theology of scripture This unique study approaches reader centred criticism and the theology of scripture from a completely new angle and will be of interest to both scholars and those who use the Bible in churches *Congregational Hermeneutics* Andrew P. Rogers, 2016-05-20 Despite many churches claiming that the Bible is highly significant for their doctrine and practice questions about how we read the Bible are rarely made explicit Based on ethnographic research in English churches Congregational Hermeneutics explores this dissonance and moves beyond descriptions to propose ways of enriching hermeneutical practices in congregations Characterised as hermeneutical apprenticeship this is not just a matter of learning certain skills but of cultivating hermeneutical virtues such as faithfulness community humility confidence and courage These virtues are given substance through looking at four broad themes that emerge from the analysis of congregational hermeneutics tradition practices epistemology and mediation Concluding with what hermeneutical apprenticeship might look like in practice this book is constructively theological about what churches actually do with the Bible and will be of interest to scholars students and practitioners Deacons: The diakon-word group in the New Testament and the ministry of the deacon Gert Breed, 2023-08-31 Deacons The diakon words in the New Testament and the ministry of the deacon offers an in depth analysis of the concept of deacon in the New Testament and its significance for present day congregational practices The essence and content of the service of the deacon within the community of God forms the focus of the study Significant passages in the New Testament are considered in fine exegetical manner to determine the guidelines offered within the context of these NT texts In this way different perspectives are highlighted that enrich the overall understanding of the concept of deacon Obviously this challenges some of the views held on this topic that even influence the way several churches organise their diaconal service and suggests some novel ideas related to the topic Certain focal points are described for instance the centrality of the covenant and Kingdom in exercising diaconal service or the interrelatedness of koinonia diakonia and worship This book offers a rich and responsible study of the concept of deacons in congregations both on theoretical and practical levels Prof Dr Jan van der Watt
