According To Claudia:

Claudia, Wife of Pontius Pilate Diana Wallis Taylor, 2013-06-15 Claudia's life did not start easily. The illegitimate daughter of Julia, reviled and exiled daughter of Caesar Augustus, Claudia spends her childhood in a guarded villa with her mother and grandmother. When Tiberius, who hates Julia, takes the throne, Claudia is wrenched away from her mother to be brought up in the palace in Rome. The young woman is adrift until she meets Lucius Pontius Pilate and becomes his wife. When Pilate is appointed Prefect of the troublesome territory of Judea, Claudia does what she has always done: she makes the best of it. But unrest is brewing on the outskirts of the Roman Empire, and Claudia will soon find herself and her beloved husband embroiled in controversy and rebellion. Might she find peace and rest in the teaching of the mysterious Jewish Rabbi? Everyone seems to be talking about Readers. Will be whisked through marbled palaces, dusty marketplaces, and idyllic Italian villas as they follow the unlikely path of a woman who warrants only a passing mention in one of the Gospel accounts. Diana Wallis Taylor combines her impeccable research with her flair for drama and romance to craft a tale worthy of legend.

Quantum Justice Crystal Leigh Endsley, 2023-11-07 The author highlights how girls use spoken word poetry to narrate their experiences, dreams, and strategies. By centering the process of creating and performing, this book examines how girls forecast what is possible for their collective lives. Endsley combines poetry discourse analysis, photovoice, and more to forge her theory of quantum justice, which forefronts girls' relationships with their global counterparts. Quantum justice theory allows Endsley to examine how these collaborative efforts produce powerful networks and ultimately map trajectories of social change. By inviting transnational dialogue, Quantum Justice emphasizes how the imaginative energy in hip hop culture can mobilize girls to connect and motivate each other through performance and disrupt the status quo. **back cover**

Witnessing the Witness of War Crimes, Mass Murder, and Genocide Manuela Consonni, Philip Galland Nord, 2023-07-24 Rethinking the concepts of witnessing and witness is highly relevant to the study of war crimes, mass murder, and genocide. Through multiple readings, the volume shows the meanings and functions of witnessing in a political and historical context marked by the emergence of multiculturalism. The ultimate goal is the exploration of divergent and intersectional positions of the witness and witnessing as both concrete and hermeneutical categories. As a result, the mechanisms of social, political, and psychological oppression, murder, and genocide will become tangible and understandable with greater precision and finesse.

Undocumented Motherhood Elizabeth Farfán-Santos, 2022-10-18 2023 SANA Book Award, Society for the Anthropology of North America 2023 Honorable Mention, Outstanding Book Award, NACCS Tejas Foco Award for Non-Fiction, National Association for Chicana and Chicano Studies 2022 Nonfiction Discovery Prize, Writers League of Texas. An intimate portrayal of the hardships faced by an undocumented family navigating the medical and educational systems in the United States. Claudia Garcia crossed the border because her toddler Natalia could not hear. Leaving behind everything she knew in Mexico, Claudia recounts the terror of migrating alone with her toddler and the incredible challenges

she faced advocating for her daughter's health in the United States. When she arrived in Texas, Claudia discovered that being undocumented would mean more than just an immigration status; it would be a way of living of mothering and of being discarded by even those institutions we count on to care. Elizabeth Farf n Santos spent five years with Claudia. As she listened to Claudia's experiences, she recalled her own mother's story, another life molded by migration, the US-Mexico border, and the quest for a healthy future on either side. Witnessing Claudia's struggles with doctors and teachers, we see how the education and medical systems enforce undocumented status and perpetuate disability. At one point, in the midst of advocating for her daughter, Claudia suddenly finds herself struck by debilitating pain. Claudia is lifted up by her comadres, sent to the doctor, and reminded why she must care for herself. A braided narrative that speaks to the power of stories for creating connection, this book reveals what remains undocumented in the motherhood of Mexican women who find themselves making impossible decisions and multiple sacrifices as they build a future for their families.

The Philosophical Foundations of Photography as a Means of Communication Guilherme Ghisoni da Silva, 2025-11-07 This book provides the first in-depth theory of how we communicate using photographs. Despite the ubiquitous use of photographs as a universal language in digital social media, a systematic understanding of photographic communication has remained elusive. The author draws upon recent literature in philosophy of photography, picture theory, theories of pictorial reference, and scholars dedicated to the intricate relationship between images and speech acts. This book provides the philosophical foundations for an ontology of photographic social practices, elucidating how these practices are constituted by rules, thus enabling comprehension of photographic communication in conventional and non-conventional contexts. By offering several significant contributions, including a meticulous analysis of the difference between the pictorial content of an image and the speech act performed by its contextualized use, it helps us understand the various types of rules governing photographic communication and proposes a taxonomy of photographic speech acts, among others. This unique perspective makes the book important reading for our times and of great interest to scholars across various disciplines, including philosophy, photography, communication studies, media studies, and visual arts.
