Accounting An Introduction 4th Edition:

A Textbook of Accounting for Management, 4th Edition Maheshwari S.N. & Maheshwari S.K. & Maheshwari Sharad K., The book provides a comprehensive coverage of the course content requirements of the students appearing in the paper Management Accounting at the MBA and MCom examinations of different Indian Universities and those of professional institutions The book has been divided into five convenient sections Each section covers a different aspect of Management Accounting with the subject divided into chapters covering different topics in a systematic and concise manner The unique features of this book lie in its simple and systematic presentation of theory which would enable the students to solve practical problems with ease The other main strengths of this book are plentiful illustrative examples and end of the chapter exercises with answers

Management Tim Hannagan, Roger Bennett, 2007 Managers face increasingly rapid changes in the technology culture and environment in which they work This book analyses the challenges and rewards facing managers in terms of theory and practice in all areas of management

Capital Structure and Profitability Elmar Puntaier, 2010 The present study aims to investigate to what extent capital structure has an impact on profitability and closely associated factors due to a series of bankruptcies and bail outs within the last twelve months The analysis refers to firms listed in the S P 500 index on January 2004 and evaluates their performance from 2004 to 2008 The results show strong industry specific characteristics for all factors observed i e gearing profitability liquidity investments and dividends In addition findings indicate a negative effect of higher gearing for almost all ten sectors in respect of the core variables analysed Neither the trade off nor the pecking order theory can be confirmed however more support for the former is found Due to the complexity of capital structure choice regulations have very limited effects that require the need for independent non governmental monitoring agencies to improve transparency and have the authority to intervene if managers act at the expense of public interest
