Spacehounds of IPC E. E. Smith, 2022-09-22 When the Inter Planetary Corporation's crack liner Arcturus took off on a routine flight to Mars it turned out to be the beginning of a most unexpected and long voyage. Attacked by a mysterious spaceship the liner crash landed on Ganymede. The survivors first had to master that world's primeval terrors then construct a new spacecraft and finally find a way to deal with the warring intelligences of the Jovian system. Spacehounds can do all these things given time, resources and freedom from attack. But when will these things start to run out? Goodreads

New Star Rising Cameron Cooper, 2020-08-21 Be careful what you ask an android to do. Bellona Cardenas Scordina de Deluca, daughter of the primary Cardenas family, went missing ten years ago. Reynard Cardenas, Bellona's father and head of the family, receives anonymous, unsubstantiated news that she has been found. He sends the most disposable person in the family to investigate. Sang, the family android, Sang's investigation trips off chain reactions which shift the generations old, lukewarm war between Erium and Karassia into a galaxy wide conflagration which will engulf the known worlds including the neutral, fiercely independent free states unless a hero can be found who will fight to hold the line against the two colossal forces. *New Star Rising* is the first book in the Indigo Reports science fiction series by award winning SF author Cameron Cooper. The Indigo Reports series: 0.5 Flying Blind 1.0 *New Star Rising* 1.1 But Now I See 2.0 Suns Eclipsed 3.0 Worlds Beyond 3.5 The Indigo Reports Space Opera Science Fiction Novel __ Praise for *New Star Rising* You won't be disappointed if you're looking for a journey into a never explored futuristic world before. It is not a novel that can be skimmed through. Take your time and enjoy the new world that is presented to you. This novel is fascinating for its rich and complex story line set on multiple planets/worlds. What an amazing book from start to finish. What is there not to like? I found myself digging into this book and disappointed at the end of it because I wanted more now rather than having to wait for the next book. A complex story line that draws you in then keeps you engaged. Nothing formulaic. Well thought out story. The science fiction components are consistent. Science fiction with real science. Lagrange points. I am so giddy. Roller coaster of a story following fabulous characters who move through varying planet and spacecraft environments whilst always dealing with a war that's not a war. Warring enemies setting each other up to eliminate another enemy. Throw in a neutral entity that does lots of dirty work and this book has all the makings for a great series __ Cameron Cooper is the author of the Imperial Hammer series, an Amazon best selling space opera series among others. Cameron tends to write space opera short stories and novels but also roams across the science fiction landscape. Cameron was raised on a steady diet of Asimov, Heinlein, Herbert McCaffrey and others. Peter F. Hamilton and John Scalzi are contemporary heroes. An Australian Canadian Cam lives near the Canadian Rockies
