George Ripley, Charles Anderson Dana

14 Methodist Color Liturgical Calendar:

The Christian Index, 1998 *National Council Outlook*, 1955 Down by the Riverside Larry Murphy, Larry George Murphy, 2000-11 An introductory overview of the development of African American religion and theology Down by the Riverside provides an expansive introduction to the development of African American religion and theology Spanning the time of slavery up to the present the volume moves beyond Protestant Christianity to address a broad diversity of African American religion from Conjure Orisa and Black Judaism to Islam African American Catholicism and humanism This accessible historical overview begins with African religious heritages and traces the transition to various forms of Christianity as well as the maintenance of African and Islamic traditions in antebellum America Preeminent contributors include Charles Long Gayraud Wilmore Albert Raboteau Manning Marable M Shawn Copeland Vincent Harding Mary Sawyer Toinette Eugene Anthony Pinn and C Eric Lincoln and Lawrence Mamiya They consider the varieties of religious expression emerging from migration from the rural South to urban areas African American women's participation in Christian missions Black religious nationalism and the development of Black Theology from its nineteenth century precursors to its formulation by James Cone and later articulations by black feminist and womanist theologians They also draw on case studies to provide a profile of the Black Christian church today This thematic history of the unfolding of religious life in African America provides a window onto a rich array of African American people practices and theological positions **The American Annual Cyclopedia and Register of Important Events of the Year ...**, 1895 **Congressional Record** United States. Congress, 1995 *Congressional Record Index*, 1991 Includes history of bills and resolutions *The American Cyclopaedia* George Ripley, Charles Anderson Dana, 1874 *The United Methodist Periodical Index*, 1977 **White Kids** Margaret A. Hagerman, 2020-02-01 Winner 2019 William J Goode Book Award given by the Family Section of the American Sociological Association Finalist 2019 C Wright Mills Award given by the Society for the Study of Social Problems Riveting stories of how affluent white children learn about race American kids are living in a world of ongoing public debates about race daily displays of racial injustice and for some an increased awareness surrounding diversity and inclusion In this heated context sociologist Margaret A Hagerman zeroes in on affluent white kids to observe how they make sense of privilege unequal educational opportunities and police violence In fascinating detail Hagerman considers the role that they and their families play in the reproduction of racism and racial inequality in America White Kids based on two years of research involving in depth interviews with white kids and their families is a clear eyed and sometimes shocking account of how white kids learn about race In doing so this book explores questions such as How do white kids learn about race when they grow up in families that do not talk openly about race or acknowledge its impact and What about children growing up in families with parents who consider themselves to be anti racist Featuring the actual voices of young affluent white kids and what they think about race racism inequality and privilege White Kids illuminates how white racial socialization is much more dynamic

complex and varied than previously recognized It is a process that stretches beyond white parents explicit conversations with their white children and includes not only the choices parents make about neighborhoods schools peer groups extracurricular activities and media but also the choices made by the kids themselves By interviewing kids who are growing up in different racial contexts from racially segregated to meaningfully integrated and from politically progressive to conservative this important book documents key differences in the outcomes of white racial socialization across families And by observing families in their everyday lives this book explores the extent to which white families even those with anti racist intentions reproduce and reinforce the forms of inequality they say they reject **A Sociology of Mystic Practices** Dann Wigner,2018-06-08 This book investigates the process of spiritual borrowing between the emergent church EC and the Christian mystical tradition From its inception the EC has displayed interest in mystic practices but the exact nature of this interest or how these practices are appropriated and reinterpreted in the EC context has not been researched My research shows that the emergent church is appropriating Christian mystic practices by investing these practices with their own theological content The practices themselves are changed to fit in their new context showing that EC belief shapes EC behavior My study adds a new case study perspective to the sociological examination of the process of spiritual borrowing especially through close inspection of how a spiritual practice changes to fit a new theological context Additionally my book contributes to the study of the complex relationship between belief and behavior
