Resources in Education ,1992-11 The English Catalogue of Books ... ,1911 **Tearing Down the Gates** Peter Sacks,2007-05-29 We often hear about the growing divide between rich and poor in America This compelling expos backed by up to date research locates the source of this trend where we might least expect to find it in our schools Written for a wide audience Tearing Down the Gates is a powerful indictment of American education that shows how schools colleges and universities exacerbate inequality by providing ample opportunities for advantaged students while shutting the gates on the poor and even the middle class Peter Sacks tells the stories of young people and families as they struggle to negotiate the educational system He introduces students like Ashlea who grew up in a trailer park and who would like to attend college though she faces constant obstacles that many of her more privileged classmates can t imagine Woven throughout with voices of Americans both rich and poor Tearing Down the Gates describes a disturbing situation that has the potential to undermine the American dream not just for some but for all of us At the heart of this book is a question of justice and Sacks demands that we take a hard look at what equal opportunity really means in the United States today *Educational Times and Journal of the College of Preceptors* ,1911 *The English Catalogue of Books ...: 1911-1915* Sampson Low,1911 *The Educational Times, and Journal of the College of Preceptors* ,1911 **Army, Navy, Air Force Journal & Register** ,1955
