2014 June Matric Timetable:

Educational Leadership and Critical Realism Anthony Thorpe, Jean Pierre Elonga Mboyo, 2025-09-18 Adopting a critical realist approach to educational leadership this book shows how applied theory can contribute to the development of mechanisms allowing for the effective leadership of organisations Through an examination of pertinent theories and debates in educational leadership and critical realist thought it moves to offer demonstrations of practical uses of critical realism that include the transformation of reflective practice the development and practice of leadership and the formulation as well as the enactment of policy Considering the role that realist thought can play in the resolution of educational crises in sub Saharan Africa and bridging the gap between research and practice the authors argue that change is possible and that it can be initiated from within the field of educational leadership Centred on a vision of social justice for human flourishing instead of operating within narrow and mechanistic pre occupations *Educational Leadership and Critical Realism* will appeal to scholars across the social sciences as well as to practitioners and policymakers in the field of education

People's War Anthea Jeffery, 2014-06-09 Twenty years have passed since South Africans were being shot or hacked or burned to death in political conflict and the memory of the trauma has faded Some 20 500 people were nevertheless killed between 1984 and 1994 The conventional wisdom is that they died at the hands of a state backed Third Force but the more accurate explanation is that they died as a result of the people s war the ANC unleashed As the people s war accelerated from September 1984 intimidation and political killings rapidly accelerated At the same time a remarkably effective propaganda campaign put the blame for violence on the National Party government and its alleged Inkatha surrogate Sympathy for the ANC soared while its rivals suffered crippling losses in credibility and support By 1993 the ANC was able to dominate the negotiating process as well as to control the undefeated South African police and army and bend them to its will By mid 1994 it had trounced its rivals and taken over government *People s War* shows the extraordinary success of this war in giving the ANC a virtual monopoly on power It also shows in part at least the great cost at which this was achieved Apart from the killings the terror and the destruction that marked the period from 1984 to 1994 the people s war set in motion forces that cannot easily be reversed For violence cannot be turned off like a tap as the ANC suggested and neither can anarchy easily be converted into order Anthea Jeffery holds law degrees from the University of the Witwatersrand and from Cambridge and a doctorate in human rights law from the University of London Her previous books include *The Natal Story* Sixteen years of conflict and *The Truth about the Truth Commission* Both books have been acclaimed for their meticulous and objective approach and for breaking new ground on important and contentious issues
