Kristin Haltinner, Ryanne Pilgeram

2014 Life Orientation Exemplar:

The Routledge Handbook of Media Use and Well-Being Leonard Reinecke, Mary Beth Oliver, 2016-06-23 The Routledge Handbook of Media Use and Well Being serves as the first international review of the current state of this fast developing area of research The volume provides a multifaceted perspective on the beneficial as well as the detrimental effects of media exposure on psychological health and well being As a first mover it will define the field of media use and well being and provide an essential resource for research and teaching in this area The volume is structured along four central considerations Processes presents concepts that provide a theoretical bridge between media use and well being such as psychological need satisfaction recovery from stress and strain self presentation and self enhancement or parasocial interactions with media characters providing a comprehensive understanding of the underlying processes that drive psychological health and well being through media Moderators examines both risk factors that promote negative effects on well being and protective factors that foster positive media effects Contexts bridges the gap between theory and real life by illustrating how media use can influence well being and satisfaction in very different life domains covering the full spectrum of everyday life by addressing the public private and work spheres Audiences takes a look at the influence of life phases and life situations on the interplay of media use and well being questioning whether various user groups differ with regard to the effects of media exposure Bringing together the expertise of outstanding international scholars from multiple disciplines including communication media psychology social psychology clinical psychology and media education this handbook sheds new light on the role of media in influencing and affecting emotions *The Partisan Next Door* Ethan C. Busby, Adam J. Howat, Jacob E. Rothschild, Richard M. Shafranek, 2021-09-29 In the United States politics has become tribal and personalized The influence of partisan divisions has extended beyond the political realm into everyday life affecting relationships and workplaces as well as the ballot box To help explain this trend we examine the stereotypes Americans have of ordinary Democrats and Republicans Using data from surveys experiments and Americans own words we explore the content of partisan stereotypes and find that they come in three main flavors parties as their own tribes coalitions of other tribes or vehicles for political issues These different stereotypes influence partisan conflict people who hold trait based stereotypes tend to display the highest levels of polarization while holding issue based stereotypes decreases polarization This finding suggests that reducing partisan conflict does not require downplaying partisan divisions but shifting the focus to political priorities rather than identity a turn to what we call responsible partisanship **Language and Emotion. Volume 2** Gesine Lenore Schiewer, Jeanette Altarriba, Bee Chin Ng, 2022-11-07 The handbook Language and Emotion is intended to give a historical and systematic profile of the area It will aim to connect contemporary and historical theories approaches and applications and to cover eastern and western perspectives of language communication and emotion It will present all relevant aspects of language and emotion and thus contribute significantly to research in the field of linguistics and semiotics

of emotion *The Oxford Handbook of Human Development and Culture* Lene Arnett Jensen, 2015 The Oxford Handbook of Human Development and Culture provides a comprehensive synopsis of theory and research on human development with every chapter drawing together findings from cultures around the world This includes a focus on cultural diversity within nations cultural change and globalization Expertly edited by Lene Arnett Jensen the Handbook covers the entire lifespan from the prenatal period to old age It delves deeply into topics such as the development of emotion language cognition morality creativity and religion as well as developmental contexts such as family friends civic institutions school media and work Written by an international group of eminent and cutting edge experts chapters showcase the burgeoning interdisciplinary approach to scholarship that bridges universal and cultural perspectives on human development This cultural developmental approach is a multifaceted flexible and dynamic way to conceptualize theory and research that is in step with the cultural and global realities of human development in the 21st century A Charitable Orthopathy John W. Morehead, Brandon C. Benziger, 2020-04-07 Evangelicals and other conservative Christians of the twenty first century face enormous challenges in the pluralistic public square not least with Muslims and atheists Contrary to biblical injunctions to keep in step with the Spirit Gal 5 25b and to love our neighbors as ourselves e g Matt 22 37 40 Luke 10 25 37 both of which involve not only behavioral but also important affective elements we often harbor deep seated antipathies toward atheists and adherents of other religions While such feelings are at times justified and help us cope with conflict related tragedies they are also often baseless misconstrued and counterproductive priming us to avoid religious others support discriminatory policies against them and even confront them in verbal or physical ways The purpose of this volume is to offer an academically informed yet practically oriented collection of essays that challenges and encourages Christians to engage their religious neighbors in a much more loving compassionate hopeful and courageous indeed orthopathic manner whether in the realm of politics in debate and conference venues on the mission field or in their own homes schools churches and neighborhoods As such a set of reflection and discussion questions is included to facilitate individual and or group study

Curriculum Development and Review for Democratic Citizenship and Human Rights Education Tibbitts, Felisa, Council of Europe, 2016-03-01 Education for democratic citizenship and human rights education are vital for peaceful sustainable and inclusive societies based on respect for the human rights of every person Effective teaching and learning processes require well trained teachers positive learning environments and high quality learning materials This is underpinned by education policy including curriculum development and review which is the main focus of this book The strengthening of education policies in the fields of education for democratic citizenship and human rights lies at the very heart of the efforts of the Council of Europe the United Nations Educational Scientific and Cultural Organization the Office for Democratic Institutions and Human Rights of the Organization for Security and Co operation in Europe and the Organization of American States These organisations have jointly produced this publication in order to support states

commitment to fostering citizenship and human rights education and improving access to quality education for all **The Routledge Companion to Public Relations** Donnalyn Pompper, Katie R. Place, C. Kay Weaver, 2022-11-01 Public relations is a uniquely pervasive force in our modern economy influencing every aspect of our lives from the personal to the political This comprehensive volume provides an expert overview of current scholarship reflecting the impact of technology society and demographic shifts in a complex global environment The last century saw the emergence of the public relations discipline This expertly curated collection explores the dynamic growth in thinking about public relations role in our changing global society now and into the future It reflects the challenges and perspectives of postcolonial postmodern feminist critical race theory social responsibility sustainability activist standpoints as well as the profound and unpredictable impact of technological change and social media Each chapter provides an overview of current knowledge and its roots while engaging with emerging new directions and old debates and advocates for where the research agenda is likely to advance in the future This unique Companion will be an essential resource for students and researchers in public relations communication marketing media and cultural studies It provides an authoritative reference for educators and a one stop repository of public relations knowledge scholarship and debates for the enquiring professional [The Oxford Handbook of Positive Psychology](#) C. R. Snyder, Shane J. Lopez, Lisa M. Edwards, Susana C. Marques, 2021 The Oxford Handbook of Positive Psychology is the seminal reference in the field of positive psychology which continues to transcend the boundaries of academia to capture the imagination of the general public Almost 20 years after the first publication of this groundbreaking reference this new third edition showcases how positive psychology is thriving in diverse contexts and fields of psychology Consisting of 68 chapters of the most current theory and research this updated handbook provides an unparalleled cross disciplinary look at positive psychology from diverse fields and all branches of psychology including social clinical personality counseling health school and developmental psychology Several new chapters are included which highlight the latest research on positive psychology and neuroscience as well as growing areas for applications of positive psychology

Teaching Gender and Sex in Contemporary America Kristin Haltinner, RYANNE PILGERAM, 2016-04-28 This book provides innovative pedagogy theory and strategies for college and university professors who seek effective methods and materials for teaching about gender and sex to today's students It provides thoughtful reflections on the new struggles and opportunities instructors face in teaching gender and sex during what has been called the post feminist era Building off its predecessor Teaching Race and Anti Racism in Contemporary America this book offers complementary classroom exercises for teachers that foster active and collaborative learning Through reflecting on the gendered dimensions of the current political economic and cultural climate as well as presenting novel lesson plans and classroom activities Teaching Gender and Sex in Contemporary America is a valuable resource for educators **The Oxford Handbook of Personality and Social Psychology** Kay Deaux, Mark Snyder, 2018-10-30 The second edition of The Oxford Handbook of Personality and

Social Psychology uniquely integrates personality and social psychology perspectives together in one volume Contributors explore historical conceptual methodological and empirical foundations that link the two fields together Further this new edition offers readers comprehensive coverage of new and emerging areas of theory research and application and assesses the fields growth and development since the publication of the first edition
