Burnt by Democracy Jacqueline

Kennelly,2023-11-30 Burnt by Democracy traces the political ascendance of neoliberalism and its effects on youth The book explores democracy and citizenship as described in interviews with over forty young people ages 16 to 30 who have either experienced homelessness or identify as an activist living in five liberal democracies Canada Australia New Zealand the United States and the United Kingdom Highlighting significant cuts to social and affordable housing astronomical increases in the costs of higher education and the transformation and erosion of state benefits systems Jacqueline Kennelly argues that democracy s decline is not occurring because young people are apathetic or focused on informal politics or unaware of their civic duties Rather it is because of collective misunderstanding about how democracy is actually structured how individuals learn to participate and how growing wealth inequality has undermined the capacity of those at the bottom to meaningfully advocate for changes that might improve their conditions Against a vivid and often heart breaking backdrop of stories from young people struggling to survive and thrive under conditions of ever expanding state retrenchment and inequality Burnt by Democracy makes a timely and impassioned plea for protecting and strengthening democracy by truly levelling the playing field for all

foreclosed these opportunities particularly for Eritrean refugees in Ethiopia How did Eritrean refugees envision their future in light of the discrepancy between promising policies and ongoing instability Using ethnographic interviews and participant observation with government officials NGOs and refugees in three camps in northern Ethiopia and Addis Ababa Jennifer Riggan and Amanda Poole explore refugee notions of progress care hope and futurity Caught at the intersection of teleological violence and temporal agency refugees endure the present and tenaciously produce a sense of the future even when their efforts to progress are repeatedly challenged An important read *Hosting States and Unsettled Guests* makes key empirical and theoretical contributions in forced migration studies East African studies anthropology and international education Riggan and Poole deftly shift the focus of refugee studies away from Europe to regions in the Global South to understand the violence of emerging forms of migration deterrence Metals Abstracts ,1999-04 **St. Louis Daily Market Reporter and Merchants Exchange Price Current** ,1898 *George Broomhall's Corn Trade News* ,1911
