Schreiner, 2025-04-15 In the Schreiner household conversations about creation evolution and ecology happen more often than normal Schreiner teaches biblical studies and his brother in law is a biologist And both teach at institutions of Christian higher education However when Schreiner's family was able to take a trip to Galapagos Islands in 2023 and 2024 his interpretive conclusions on the Bible's creation texts shifting positions on

ecology and general moral responsibility as a Christian collided in a palpable way Inspired by a range of experiences from mingling with sea lions to taking water ferries across the Pacific to snorkeling with sharks Schreiner jovially shares experiences and musings that testify to his shifting positions on these matters his frustrations with the usual conversations and whether he thinks there can be true irenic conversation between Christians and scientists Informed blunt sometimes snarky but always honest Schreiner s musings will likely resonate with anyone who travels with their family or wants to be honest about the many variables that must inform a Christian s position on issues of creation evolution and ecology The True Account of Adam & Eve Ken Ham,2012 When you unlock the door to biblical compromise the door gets pushed open wider with each generation The Church is now debating the validity of Genesis as actual history the reality of hell itself and even if Adam was a real person Trying to change the biblical time line to fit with the secular concepts of millions of years has led many in Christian academia to reject the literal interpretation of the Bible itself Perfect for children the book helps them discover the truth about the first man and woman and how their disobedience led to the need for Jesus Christ *Deep Time in Genesis* Steven R. Webb,2016-03-31 The early chapters of Genesis have generated a battleground between people that believe the Earth is very young on the order of 6000 years and those that believe it is much older What has been mostly missing from this battle are the observations of professional Christian geologists Webb invites you to join his world to see the kind of work that geologists do that leads them to draw certain conclusions on this subject It is written in laymen s language and is designed to unite a variety of issues ranging from Noah s Flood to dinosaurs to early hominids to the Garden of Eden etc while maintaining the integrity of Scripture The God of Monkey Science Janet Kellogg Ray,2023-10-10 How to hold true to your faith and embrace modern science Ever since the Scopes Monkey Trial in the early twentieth century American evangelicals have considered scientists public enemy 1 But this antipathy to modern science turned deadly during the COVID 19 crisis when white evangelicals snubbed precautions and vaccines Herself an evangelical Christian and a science educator Janet Kellogg Ray explains how we got here and how to fix it As the follow up to *Baby Dinosaurs on the Ark* this lively volume covers evolution as well as the coronavirus pandemic vaccines climate change and the frontiers of genetic research Ray explains the facts accessibly and with verve Along the way she vividly narrates the scientific achievements and political and religious drama that got us to where we are today Ultimately Ray calls for evangelicals to speak to science rather than deny it We need Christian ethics now more than ever to determine how best to act in light of current scientific data and for love of neighbor If you re afraid of science hurting your faith this book will show you how to be true to both International Society for Science and Religion ISSR Book Prize on Science and Religion Long List 2024 Sojourners Best Books List 2023 **She's Not Your Enemy - Includes Ten-Session Video Series** Jenn Schultz,2023-09-05 Find freedom from jealousy and insecurity as you rest in your true worth and identity in God Complete with reflection questions journaling space and accompanying teaching videos She s Not Your Enemy helps you move beyond habits of self protection and create a culture of

community Sometimes the women in our lives feel like enemies The colleague who threatens your position at work The friend who talks behind your back The woman who seems to have it all together while you are barely hanging on But the real enemy is the one who is trying to defeat you with lies that lead to isolation insecurity and division She's Not Your Enemy equips us to battle Satan's deception through the solid truth of God's Word Popular blogger and podcast host Jenn Schultz comes alongside us to explore How we find true joy when we recognize our unique roles in God's kingdom What we lose when we see other women as competition What to do about envy jealousy people pleasing and perfectionism Why we will never be enough on our own and why that's great news How our view of God affects our view of ourselves and others When we find our worth and identity in God we can cultivate empathy and compassion for those we have labeled as the enemy including the woman in the mirror and live with greater joy Presented by Esther Press Books for Courageous Women
