Low-carbon Growth Links with China Great Britain: Parliament: House of Commons: Energy and Climate Change Committee,2012-08-29 China is the fastest growing economy in the world and by 2030 could account for half of the world's CO2 emissions It has recently set out ambitious plans to reduce the carbon intensity of its economy boost green energy draft a new climate law and introduce carbon trading MPs say that this is the ideal time for the UK to work together with China both to prepare the ground for a future international agreement and to secure potential opportunities for British businesses in China's burgeoning markets for low carbon technologies currently worth around 430 billion The report warns however that the Government's work in China suffers from a lack of strategic direction There are too many small projects focused on too many different areas rather than a coordinated effort to achieve key objectives tailored to appeal to Chinese priorities and which build on UK strengths For policy this means a focus on carbon pricing and accounting where the UK has experience to offer In the business area this means identifying the potential markets and technologies in which the UK could have a comparative advantage One area in which the UK could establish a comparative advantage with the right Government support is carbon capture and storage CCS technology which could be a substantial export earner if the UK is able to develop CCS expertise early The UK's ability to influence policy in China and to compete for business in low carbon development depends on the reputation of the UK as a credible leader

The Keys Chips Ely,2015-05-28 It is June 2014 when a close knit group of high profile Americans secretly meets to put in play one of the most covert international military operations ever attempted At the end of their meeting a major support operation linked autonomously with NATO and US Africa Command is officially in business to catalyze an electrifying worldwide revolution that brings a dramatic and abrupt ending to Islamic radicalization war crimes against humanity ethnic cleansing and genocide waged by terrorist groups across the world Experience the thrill of hijacking the original TRIANA satellite renamed to DISCOVER from a NASA warehouse under the auspicious eye of the US government for the purpose that it would be used in a secret mission by this same unknown international military force Follow this riveting story that features a new US political party that ushers its presidential candidate into the White House only to be threatened by a diabolical Chinese plot to undermine America and dominate the world economy Be part of an amazing American discovery when the president and his entourage are charged with guarding the discovery of an exotic iron ore mineral that creates an automotive battery invention that can propel an electric vehicle for thousands of hours without a charge Worse yet the Chinese are planning a three prong conspiracy to undermine America's industrial renaissance so China can dominate world trade steal the new US Star Wars space technology and subversively gain control of the secret iron ore discovery Join in as America's latest president attempts to convey the beauty of the Islamic faith and accelerate a new Islamic peace reform in the midst of a volatile world of radicalization
