Simply dividing the distance traveled by the time it took the animal to move.

2. What do you think are the fastest animals?

I believe that a peregrine falcon is the quickest animal.

Answer To Gizmo On Measuring Motion:

Vowelless Crosswords Frank Longo, 2009-06 What's better than crosswords? That's right, crosswords with no vowels! At first these challenging but fiendishly fun puzzles look like the usual crossword. But there's a devilish twist: you write only the consonants in the boxes, not the vowels. So when you look at the grid, there's no quick way to know exactly how many letters make up the right solution. Plus, because you don't need as many spaces for each word, the phrases can be longer than usual, and that makes the grids wide open and ratchets up the difficulty level. For those who need a little extra help, there's a hints section to tear out and refer to when needed, as well as grids with wordlists explaining, with vowels, what the answers are. **Billboard**, 1954-03-20 In its 114th year, Billboard remains the world's premier weekly music publication and a diverse digital events brand content and data licensing platform.
