Direct Democracy Worldwide David Altman, 2010-12-20 Challenging the common assumption that models of direct democracy and representative democracy are necessarily at odds *Direct Democracy Worldwide* demonstrates how practices of direct and representative democracy interact under different institutional settings and uncovers the conditions that allow them to coexist in a mutually reinforcing manner Whereas citizen initiated mechanisms of direct democracy can spur productive relationships between citizens and political parties other mechanisms of direct democracy often help leaders bypass other representative institutions undermining republican checks and balances The book also demonstrates that the embrace of direct democracy is costly may generate uncertainties and inconsistencies and can be manipulated Nonetheless the promise of direct democracy should not be dismissed Direct democracy is much more than a simple pragmatic second choice when representative democracy seems not to be working as expected Properly designed it can empower citizens breaking through some of the institutionalized barriers to accountability that arise in representative systems *Worldwide Knowledge?* Martina Fuchs, 2016-02-11 Putting forward a comprehensive view of knowledge with a specific perspective on place and space this book provides a new perspective on the globalisation of knowledge Crossing disciplinary boundaries the principal agenda of this volume is to open up a perspective beyond knowledge i.e. beyond the interpretation of knowledge as scientific technical knowledge Author Martina Fuchs introduces further kinds of knowledge and interpretation which influence managements perception of globalisation and therefore the knowledge which is going global She refers to knowledge in the sense of experiences competencies in the production and labour process as well as mutually shared mental constructs which are embedded in a context of understanding and interpretation Exploring beyond the meaning of worldwide knowledge as general open access knowledge this book also discusses barriers to knowledge problems of transfer and the influence of governance and control **Japan's International Relations** Glenn D. Hook, Julie Gilson, Christopher W. Hughes, Hugo Dobson, 2013-01-11 The new edition of this comprehensive and user friendly textbook provides a single volume resource for all those studying Japan's international relations **Global Agricultural Marketing Management** Steve Carter, Food and Agriculture Organization of the United Nations, 1997-01-01 *Suicide* Matthew K. Nock, Guilherme Borges, Yutaka Ono, 2012-03-22 Presents a unique global perspective on suicidal behaviors using new data collected in 21 countries on 6 continents Global UX Whitney Quesenberry, Daniel Szuc, 2011-10-24 *Global UX Design and Research in a Connected World* discusses how user experience UX practice is changing and how practitioners and teams around the world are creating great user experiences for a global context The book is based on interviews with practitioners from many countries working on different types of projects It looks behind the scenes at what it takes to create a user experience that can work across borders cultures and languages The book begins with a quick look at the world outside of UX This includes the external forces of change and globalization as well as an overview of how culture affects designers and the UX of

products It considers what global UX means for an individual practitioner a company and teams It then turns to the details of global UX with the process and practice of research in the field how information is brought home and shared with colleagues and how it is applied in design The final chapter presents some thoughts about how to deliver value both to projects and the users of finished products Covers practical user experience best practices for the global environment Features numerous global real world examples based on interviews with over 60 UX managers and practitioners from around the world Contains case studies and vignettes from user research and design projects for multinational companies and small start ups

Emerging Powers, Emerging Markets, Emerging Societies Steen Fryba Christensen, Li Xing, 2016-04-08 The rise of emerging or new powers has recently become one of the most researched areas in International Relations While most studies focus on relations between traditional and emerging powers this edited collection turns the focus 180 degrees and asks how countries outside these two power sets have reacted to the emerging new world order Are emerging powers creating a united front in a struggle to change the global order or are they more concerned with national interests Are we seeing major changes in the global order or simply an adjustment by the traditional powers to the emergence of new contenders In order to the answer these questions the authors take a broad thematic approach in analyzing recent trends in the interplay between states markets and societies concentrating in particular on Latin America Africa the Middle East and Europe and on the three major emerging powers China India and Brazil

Global Crime and Justice David Jenks, John Randolph Fuller, 2016-12-08 Global Crime and Justice offers a transnational examination of deviance and social controls around the world Unlike many CJ texts detailing the systems of select nations or books that merely catalog types of international crime Global Crime and Justice provides a critical and integrated investigation of the nature of crime and how a society reacts to it The book first details types of international crime including genocide war crimes international drug and weapons smuggling terrorism slavery and human trafficking The second half covers international law international crime control the use of martial law and the challenges of balancing public order and human and civil rights

Complete International Law Ademola Abass, 2014 Complete International Law is the only text cases and materials book on international law It is an introductory text which covers a wide range of extracts from primary and secondary materials which are combined with incisive author commentary

House Churches in Post-Communist Europe Randy Hacker, 2023-02-10 This is an exploration of house churches especially in Poland The book begins with a review of literature about the global house church movement and continues with an article on the early Christian transition from house churches to purpose built buildings for churches Next is an article regarding the concept of sacred space in relation to house churches The first half concludes with a chapter on methodology of research for a qualitative interview approach to studying house churches The thesis then presents a theological method for using the qualitative interviews to develop ecclesiology Sixteen interviews from thirteen house churches are presented The thesis continues the theological method by attempting to answer the question why is it going on

and presents a thematic analysis from the qualitative interviews that includes input from sociological research done in Poland. The thesis concludes by using scriptural and academic sources in conversation with house church interviews from the interviews and global house church literature to present four primary conclusions in a practical prophetic ecclesiology.
