Social Media and Language Learning Yeong-Ju Lee,2025-08-22 This book explores creative uses of social media for informal language learning It focuses on the underexplored area of how informal language learning adapts to technological innovations in two multimodal media sharing platforms TikTok and Instagram Drawing on ecological perspectives of language learning and spatial understandings of digital technology and learning the research reported in this book unpacks how social media technologies are used for language learning It presents insights from a dual level qualitative

methodological design a comparative study of public online data of social media posts collected from TikTok and Instagram and a multiple case study based on ethnographic narrative data gathered from participants journal entries stimulated recall interviews and social media posts This book reveals the dynamic landscape of digital language learning that is being integrated into learners everyday lives through multimodal content creation and networking This book enriches readers understanding of social media s role in language learning and offers pedagogical strategies for teachers to integrate newer technologies and multimodal materials into language classrooms to enhance students learning experiences *How Languages Are Learned 5th Edition* Patsy M Lightbown,Nina Spada,2021-07-05 Now in its fifth edition the award winning *How Languages are Learned* has established itself as an indispensable introduction to research in language acquisition and its relationship with classroom practice Patsy Lightbown and Nina Spada have worked for over four decades in second language research and education They are highly respected worldwide for making theory and research about language learning accessible and relevant to classroom teaching This widely acclaimed book remains essential reading for second language teachers Updated content highlights the latest research into second language learning and its relevance to classroom practice Activities and questions for reflection personalize content and support critical thinking Chapter summaries discussion questions weblinks and supplementary activities are available online at www.oup.com/elt/teacher/hlal

Designing Effective Language Learning Materials for Less Commonly Taught Languages Öner Özçelik,Amber Kennedy Kent,2023-08-01 A step by step guide to designing materials for learning world languages from expert instructional designers Many teachers of less commonly taught languages or LCTLs find themselves in the position of needing access to quality language teaching and learning materials where none exist or where those that do are extremely outdated *Designing Effective Language Learning Materials for Less Commonly Taught Languages* is a concise guide for language instructors or anyone with an interest in developing language learning materials While leading instructors through the development process using the ADDIE model of instructional design Analysis Design Development Implementation Evaluation z elik and Kent present examples from many different languages provide reflection questions for readers to consider at the end of each chapter and give concrete strategies and tips throughout the process Readers will come away from the book with a more comprehensive understanding of how to develop materials for world language learning in general and LCTL learning in particular and a clear roadmap for doing so Simply written and free of overly complicated jargon or rhetoric *Designing Effective Language Learning Materials for Less Commonly Taught Languages* will be an invaluable reference for novice and experienced instructors alike as well as directors of language programs *Increasing Naturalness in the Language Learning Classroom* Szilvia Szita,2024-07-31 This volume links corpus research to classroom practice and critically assesses how the integration of a corpus informed methodology affects pedagogical choices teaching materials and classroom activities Focusing on the language classroom and drawing on examples from English French German and Hungarian this book

demonstrates that such methodology is applicable to languages with very different properties Drawing on both larger general and smaller more specialised corpora including both spoken and written data this volume presents the key features of natural language according to corpus linguistics establishing principles and methods to observe and practice natural sounding language use suggests the characteristics of a coherent corpus informed methodology and contrasts this with existing methodologies explores ways in which this methodology can enhance language learning and discusses the types of activities that are most effective explains how this methodology be integrated into teacher training Bridging the long persisting gap between corpus informed language teaching research and applied classroom reform this book is key reading for researchers in applied linguistics and language pedagogy as well as teacher trainers and practitioners

Teaching and Learning

Foreign Languages Nicola McLelland, 2017-07-14 Teaching and Learning Foreign Languages provides a comprehensive history of language teaching and learning in the UK from its earliest beginnings to the year 2000 McLelland offers the first history of the social context of foreign language education in Britain as well as an overview of changing approaches methods and techniques in language teaching and learning The important impact of classroom external factors on developments in language teaching and learning is also taken into account particularly regarding the policies and public examination requirements of the 20th century Beginning with a chronological overview of language teaching and learning in Britain McLelland explores which languages were learned when why and by whom before examining the social history of language teaching and learning in greater detail addressing topics including the status that language learning and teaching have held in society McLelland also provides a history of how languages have been taught contrasting historical developments with current orthodoxies of language teaching Experiences outside school are discussed with reference to examples from adult education teach yourself courses and military language learning Providing an accessible authoritative history of language education in Britain Teaching and Learning Foreign Languages will appeal to academics and postgraduate students engaged in the history of education and language learning across the world The book will also be of interest to teacher educators trainee and practising teachers policymakers and curriculum developers
