General Explanations of the Administration's Fiscal Year 2014 Revenue Proposals Treasury Department, 2013-05-07 Each February when the President releases his proposed Federal Budget for the following year Treasury releases the General Explanations of the Administration's Revenue Proposals Known as the Green Book or Greenbook the document provides a concise explanation of each of the Administration's Fiscal Year 2014 tax proposals for raising revenue for the Government This annual document clearly recaps each proposed change reviewing the provisions in the Current Law outlining the Administration's Reasons for Change to the law and explaining the Proposal for the new law Ideal for anyone wanting a clear summary of the Administration's policies and proposed tax law changes While many of the proposals included in the FY 2014 budget are either the same or modified versions of proposals included in the Administration's FY 2013 budget there are nearly 50 new revenue proposals in the 2014 budget including closing loopholes and changing tax credits and incentives Following are a few of the President's new revenue proposals that are explained in the Treasury FY2014 Green Book Extending employment tax credits for hiring veterans Requiring derivatives contracts to be marked to market and taxed as ordinary income on an annual basis Repealing the domestic manufacturing deduction for oil and natural gas production Establishing multiple incentives for investment in infrastructure including America Fast Forward Bonds and increasing caps on other bonds Taxing carried interest as ordinary income Returning the estate tax to 2009 levels modifying the recent estate tax exclusions and rates signed into law earlier this year under the American Taxpayer Relief Act Prohibiting individuals from accumulating more than 3 million in tax preferred retirement accounts and Capping the benefit of certain deductions such as a charitable contribution deduction to 28 percent for taxpayers at or above the 33% marginal tax rate

Enough Bull David Trahair, 2015-02-24 Stop risking everything to make your investment advisor rich The stock market crash of 2008 proved one thing traditional retirement planning advice simply doesn't work The risks are too enormous Trusting the stock market is like gambling with your family's future But how do you plan for retirement without risking everything Enough Bull shows you how with an easy to understand simple to apply strategy for a better retirement Enough Bull overturns the conventional wisdom about retirement planning and offers the simple secrets to securing a comfortable retirement In an accessible and straightforward style this practical guide explains how it's possible to save for retirement starting later in life retire comfortably on less money and incur less risk Updated to apply to both the U S and Canada this new second edition offers a message of hope for average cash strapped baby boomers by detailing a step by step

plan for avoiding all the traps doing the exact opposite of what the major financial institutions recommend and still coming out further ahead Invest only in safe investments that will never decline Get out of the stock market and mutual funds forever Why waiting to save for retirement may beat starting early Elect to receive the CPP pension at exactly the right age Avoid the common scams that lead to financial disaster More than ever before retirees are frightened and stressed out about finances There never seems to be enough to pay current bills let alone save thousands in RRSPs and 401Ks yet the large financial institutions bombard us with fearful messages of destitution unless we maximize our contributions The truth is this makes them rich and you poor Cut through the noise stop taking the bait and discover how you can have a comfortable future without sacrificing the present Enough Bull provides the plan you just need to act **Classification Plan and Salary**
