Distributing Condoms and Hope Chris A. Barcelos, 2020-12-01 *Distributing Condoms and Hope* is a feminist ethnographic account of how youth sexual health programs in the racially and economically stratified city of Millerston reproduce harm in the marginalized communities they are meant to serve Chris A Barcelos makes space for the stories of young mothers who often recognize the narrow ways that public health professionals respond to pregnancies Barcelos s findings show that teachers social workers and nurses ignore systemic issues of race class and gender and instead advocate for individual level solutions such as distributing condoms and promoting hope Through a lens of reproductive justice *Distributing Condoms and Hope* imagines a different approach to serving marginalized youth a support system that neither uses their lives as a basis for disciplinary public policies nor romanticizes their struggles
