Obiakor, Alicja Rieger, Anthony F. Rotatori, 2015-09-01 The purpose of this book is to provide a forum for an interdisciplinary scholarly dialogue with regard to preparing teachers for early childhood special education. In addition, it is aimed at examining and making available relevant and most recent scholarship to practitioners and at addressing critical issues and perspectives around preparing effective educators for the 21st century classroom and the future. This book intends to illuminate a complex and challenging task of preparing effective educators through the lenses of several educational disciplines, including but not limited to teacher education, general education, special education, early childhood education and urban education.
