*Texas Vs. California* Kenneth P. Miller, 2020 Texas and California are the leaders of Red and Blue America As the nation has polarized its most populous and economically powerful states have taken charge of the opposing camps These states now advance sharply contrasting political and policy agendas and view themselves as competitors for control of the nation s future Kenneth P Miller provides a detailed account of the rivalry s emergence present state and possible future First he explores why despite their many similarities the two states have become so deeply divided As he shows they experienced critical differences in their origins and in their later demographic economic cultural and political development Second he describes how Texas and California have constructed opposing comprehensive policy models one conservative the other progressive Miller highlights the states contrasting policies in five areas tax labor energy and
