Aisc Detailing Manual:

Steel Detailers' Manual Alan Hayward, Frank Weare, A. C. Oakhill, 2008-04-15 This highly illustrated manual provides practical guidance on structural steelwork detailing. It describes the common structural shapes in use and how they are joined to form members and complete structures. It explains detailing practice and conventions, provides detailing data for standard sections, bolts and welds, emphasises the importance of tolerances in order to achieve proper site fit up, discusses the important link between good detailing and construction costs. Examples of structures include single and multi storey buildings, towers and bridges. The detailing shown will be suitable in principle for fabrication and erection in many countries and the sizes shown will act as a guide to preliminary design. The second edition has been updated to take account of changes to standards including the revisions to BS5950 and includes a new chapter on computer aided detailing. SP-66(04): ACI Detailing Manual-2004 , *Architectural Detailing* Edward Allen, Patrick Rand, 2012-06-29 This edition of the industry standard on architectural detailing includes new sections covering analysis and modification of existing details and design of new details both basic and advanced. Revised to address sustainability and to reflect the International Building Code. Architectural Detailing continues to deliver reliable, insightful information on how to design details that will be water and airtight, control the flows of heat and water vapor, adjust to all kinds of movement, age gracefully, be easy to construct and still look good. Conveniently organized by the three major concerns of the detailer: function, constructibility and aesthetics, this edition features richly illustrated examples of detail design, case studies and practical exercises. New and revised patterns showing form, constructibility and aesthetics. Everything you need, whether a student or professional, to design details that work. Order your copy today. Steel Structures: Roof Members Design and Detailing Saad Hasan Tantawi, 2018-08-03 The Objective of this book is to guide structural engineering students and engineering professionals into the process of roof members design and calculations for steel framed buildings. This book covers gravity and lateral loads calculations in accordance with ASCE 7-10, how to calculate snow drift loads, moment frames and braced frames, lateral load analysis using the slope deflection methods and unit load methods, Moment connections calculations according to AISC Design Guides and roof members design subjected to both axial and flexural bending. This book also covers over 230 different sections details done in CAD and REVIT for roof framing. Details such as roof beams and joists attachment into a brick and metal studs walls, CMU walls, concrete and wood walls, connections detailing whether it is a moment or shear connection, existing roof joists web and chord reinforcement and roof trusses section details. *Detailing for Landscape Architects* Thomas R. Ryan, Edward Allen, Patrick J. Rand, 2011-02-25 Based upon the best selling book Architectural Detailing by Edward Allen and Patrick Rand, Landscape Architectural Detailing applies the same organization to the three major concerns of the landscape architecture detailer: function, constructability and aesthetics. Richly illustrated, this book approaches landscape architecture detailing in a systematic manner and provides a framework for analyzing existing details and devising new ones.
