**It's a Question of Space** Clayton C. Anderson, 2018-07-01 Having spent over 150 days on his first tour of the International Space Station it's safe to say that Clayton C. Anderson knows a thing or two about space travel. Now retired and affectionately known as Astro Clay by his many admirers on social media and the Internet, Anderson has fielded thousands of questions over the years about spaceflight, living in space, and what it's like to be an astronaut. Written with honesty and razor-sharp wit, *It's a Question of Space* gathers Anderson's often humorous answers to these questions and more in a book that will beguile young adults and space buffs alike. Covering topics as intriguing as walking in space, what astronauts are supposed to do when they see UFOs, and what role astronauts play in espionage, Anderson's book is written in an accessible question-and-answer format that covers nearly all aspects of life in space imaginable. From living in zero gravity to going to the bathroom up there, *It's a Question of Space* leaves no stone unturned in this witty firsthand account of life as an astronaut.

*Choreographing in Color* J. Lorenzo Perillo, 2020 In *Choreographing in Color*, J. Lorenzo Perillo investigates the development of Filipino popular dance and performance since the late 20th century. Drawing from nearly two decades of ethnography, choreographic analysis, and community engagement with artists, choreographers, and organizers, Perillo shifts attention away from the predominant Philippine neoliberal and U.S. imperialist emphasis on Filipinos as superb mimics, heroic migrants, model minorities, subservient wives, and natural dancers, and instead asks what it means for Filipinos to navigate the violent forces of empire and neoliberalism with street dance and Hip Hop. Employing critical race, feminist, and performance studies, Perillo analyzes the conditions of possibility that gave rise to Filipino dance phenomena across viral migrant, theatrical, competitive, and diplomatic performance in the Philippines and diaspora. Advocating for serious engagements with the dancing body, Perillo rethinks a staple of Hip Hop's regulation, the euphemism, as a mode of social critique for understanding how folks have engaged with both racial histories of colonialism and gendered labor migration. Figures of euphemism, the zombie, hero, robot, and judge, constitute a way of seeing Filipino Hip Hop as contiguous with a multi-racial repertoire of imperial crossing, thus uncovering the ways Black dance intersects Filipino racialization and reframing the ongoing contested underdog relationship between Filipinos and U.S. global power. *Choreographing in Color* therefore reveals how the Filipino dancing body has come to be paradoxically both globally recognized and indiscernible.

**Throw Your Voice** Meghanne Barker, 2024-08-15 *Throw Your Voice* is a story of loss and recovery. It relates how children placed in a temporary care institution make sense of their situations. Moving between a Kazakhstan government children's home, Hope House, and the Almaty State Puppet Theater, Meghanne Barker shows how children and puppets as proxies bring to life ideologies of childhood and visions of a rosy future. Sites and stories run in parallel. Framed by the narrative of Anton Chekhov's *Kashtanka* about a lost dog taken in by a kind stranger, the author follows the story's staging at the puppet theater. At Hope House, children find themselves on a path similar to *Kashtanka*, dislodged from their first homes.

to reside in a second The heart of this story is about living in displacement and about the fragile intimacies achieved amidst conditions of missing Whether due to war migration or pandemic people get separated from those closest to them Throw Your Voice examines how strangers become familiar and how objects mediate precarious ties She shows how people use fantasy to mitigate loss

**Playbook 2012 (POLITICO Inside Election 2012)** Glenn Thrush, Jonathan Martin, 2012-12-17 The fourth and final eBook in POLITICO's Playbook 2012 series once again provides an unprecedented minute by minute account of the race for the presidency The End of the Line follows President Barack Obama and Republican challenger Mitt Romney as their campaign teams go all in to win in the critical final weeks of the 2012 election From Mitt Romney's 47 percent video to Clint Eastwood's speech to an empty chair the 2012 presidential campaign did not lack for memorable moments In The End of the Line POLITICO senior White House reporter Glenn Thrush and senior political reporter Jonathan Martin chronicle every hairpin turn in a race that defied the predictions of pundits and prognosticators While some political observers considered Barack Obama's reelection far from a sure thing the president and his team remained resolute in their belief that they would prevail In Boston Mitt Romney's advisers were just as confident that their man was headed for a smashing victory In the end only one of those views would be validated by events The outcome of this election was never foreordained however and would ultimately be determined by two candidates three debates and a thousand small but critical strategic decisions With an eye toward writing a first draft of history Thrush and Martin report on the intense internal debates over ad strategy that defined the parameters of the fall campaign including a crucial late May decision by the Obama campaign that may have tipped the scales in the president's favor They provide a behind the scenes look at the candidates debate preparation sessions and they reveal why Romney's campaign was so confident they were going to win The action climaxes on election night as the opposing camps huddle nervously in their hotel suites to await the verdict of the voters The End of the Line reveals for the first time what the Obama brain trust really thought about the agonizingly long wait for Romney's official concession and what happened after Obama put the telephone to his ear and heard the words Hello Mr President it's Mitt Romney No one could have predicted all the twists and turns of the 2012 election and no one was better equipped to chronicle them than the POLITICO team The End of the Line is frontline campaign reporting at its finest meticulously reported and compulsively readable
