Human Development Carol K. Sigelman,Linda De George,Kimberley Cunial,Elizabeth A. Rider,2018-09-01 The third edition
 of Life Span Human Development helps students gain a deeper understanding of the many interacting forces affecting
 development from infancy childhood adolescence and adulthood It includes local multicultural and indigenous issues and
 perspectives local research in development regionally relevant statistical information and National guidelines on health
 Taking a unique integrated topical and chronological approach each chapter focuses on a domain of development such as
 physical growth cognition or personality and traces developmental trends and influences in that domain from infancy to old
 age Within each chapter you will find sections on four life stages infancy childhood adolescence and adulthood This
 distinctive organisation enables students to comprehend the processes of transformation that occur in key areas of human
 development This text also includes a MindTap course offering with a strong suite of resources including videos and the
 chronological sections within the text can be easily customised to suit academic and student needs Jacaranda Nature of
