 constant supervision from the teacher This book Fractions is focused on the Number and Algebra Strand of the Australian
 Curriculum for lower ability students and those who need further opportunity to consolidate these core areas in mathematics
 The section entitled Understanding Fractions enables students to re encounter ideas of equivalent fractions simplifying
 fractions improper fraction mixed numerals and comparing fractions The section entitled Calculating With Fractions walks
 students through the four core calculations These activities are a useful way to scaffold a new unit of Mathematics and will
 help build confidence for lower ability students to attempt more challenging problems at their year level The activities are
 designed to guide student learning with minimal input from the teacher and there is a strong emphasis on process and
 understanding The activities can be used for individual students needing further consolidation in a mainstream classroom or
