Fruterros Rocío Rosales, 2020-05-19 This book examines the social worlds of young Latino street vendors as they navigate the complexities of local and federal laws prohibiting both their presence and their work on street corners Known as fruterros they sell fruit salads out of pushcarts throughout Los Angeles and are part of the urban landscape Drawing on six years of fieldwork Rocío Rosales offers a compelling portrait of their day to day struggles In the process she examines how their paisano hometown compatriot social networks both help and exploit them Much of the work on newly arrived Latino immigrants focuses on the ways in which their social networks allow them to survive Rosales argues that this understanding of ethnic community simplifies the complicated ways in which social networks and social capital work Fruterros sheds light on those complexities and offers the concept of the ethnic cage to explain both the promise and pain of community

The Contradictions of Science in Machado de Assis Viviane Carvalho da Annuniação, 2025-09-12 This book explores the role of science in the short stories of Machado de Assis focusing on works such as O Alienista 1882 A Serenissima República 1882 and Idílios de Canário 1899 It examines how Machado uses scientific theories as literary and sociological devices to critique modern state institutions including hospitals prisons and government

sponsored medical projects His scepticism extends to the liberal and politically independent scientific discourse of late nineteenth century Brazil a period of profound political economic and social change By questioning the idealized figure of the rational scientist Machado exposes the racial and economic hierarchies upheld by the dominant intelligentsia Madness egocentrism and the use of fantastic elements such as talking animals and absurd situations engage with the ancient tradition of the fable to highlight social tensions The result is an ethically charged poetics of unreason shaped by an ironic scepticism toward Romantic nationalism literary naturalism and scientific positivism particularly in relation to race gender class and nationality Perfect for scholars of literature history and cultural studies this book reinterprets Machado de Assis as a radical thinker whose fiction offers a penetrating critique of race gender and class in the making of modern Brazil It can also serve as an initial study for many interdisciplinary interpretations of his work opening new perspectives on his engagement with science and politics
