Rethinking the Great White North Andrew Baldwin, Laura Cameron, Audrey Kobayashi, 2011-09-21 Canadian national identity is bound to the idea of a Great White North Images of snow wilderness and emptiness seem innocent yet this path breaking volume shows they contain the seeds of contemporary racism Rethinking the Great White North moves the idea of whiteness to the centre of debates about Canadian history geography and identity Informed by critical race theory and the insight that racism is geographical as well as historical and cultural the contributors trace how notions of race whiteness and nature helped shape Canada's identity as a white country in travel writing and treaty making scientific research and park planning and within small towns cities and tourist centres These nuanced explorations of diverse historical geographies of nature not only revisit the past they offer a new vocabulary for contemporary debates on Canada's role in the North and the nature of multiculturalism
