The illustrations are labeled therefore students do not need to bring their lecture texts to the lab. The lab manual can be used in either a one term or a full year course. The illustrations are outstanding and the balanced combination of line art and photographs provides effective coverage of the material. The amount of lecture material in the manual is limited so there is little material included that is not part of the laboratory experience.

Loose Leaf Version of Lab Manual t/a Saladin's Anatomy & Physiology Eric Wise, 2010-04-26 This manual utilizing the cat as the primary dissection specimen uses the same four color art program as the fifth edition of Saladin's Anatomy Physiology and follows the same order of presentation. The 47 exercises provide a comprehensive overview of the human body and present the core elements of the subject matter.
