Game-Changer David McAdams,2014-01-20 A radically new and easily learned way to outstrategize your rivals The wise win before they fight while the ignorant fight to win So wrote Zhuge Liang the great Chinese military strategist He was referring to battlefield tactics but the same can be said about any strategic situation Even seemingly certain defeat can be turned into victory whether in battle business or life by those with the strategic vision to recognize how to change the game to their own advantage The aim of David McAdams s Game Changer is nothing less than to empower you with this wisdom not just to win in every strategic situation or game you face but to change those games and the ecosystems in which they reside to transform your life and our lives together for the better Game Changer develops six basic ways to change games commitment regulation cartelization retaliation trust and relationships enlivened by countless colorful characters and unforgettable examples from the worlds of business medicine finance military history crime sports and more The book then digs into several real world strategic challenges such as how to keep prices low on the Internet how to restore the public s lost trust in for charity telemarketers and even how to save mankind from looming and seemingly unstoppable drug resistant disease In each case McAdams uses the game theory approach developed in the book to identify the strategic crux of the problem and then leverages that game awareness to brainstorm ways to change the game to solve or at least mitigate the underlying problem So get ready for a fascinating journey You ll emerge a deeper strategic thinker poised to change and win all the games you play In doing so you can also make the world a better place Just one Game Changer is enough to seed and

transform an entire organization into a more productive happier and altogether better place McAdams writes Just imagine what we can do together **What Your Car Really Costs** ,2006 **Massachusetts General Hospital Handbook of General Hospital Psychiatry - E-Book** Theodore A. Stern,Gregory L. Fricchione,Jerrold F. Rosenbaum,2010-06-25
