Testing and Assessment Great Britain. Parliament. House of Commons. Children, Schools and Families Committee, 2008  
Testing and Assessment Third report of session 2007 08 Vol 2 Oral and written Evidence *Evidence Check 1* Great Britain.  
Parliament. House of Commons. Select Committee on Science and Technology, 2009 This report HCP 44 session 2009 10  
ISBN 9780215542663 from the Science and Technology Committee looks at literacy programmes evidence check and  
concludes that expectations by the Department for Children Schools and Families of the quality of the evidence base for  
reading programmes are worryingly low It urges the Government to commission randomised controlled trials RCTs The  
Committee also states it is particularly concerned about the quality of evidence demonstrating cost effectiveness of different  
programmes and further recommends that the Government reviews its guidelines on RCT design it says even Wikipedia is  
more thorough and informative The Committee also concludes that the Government's focus on early literacy interventions  
and phonics based teaching is based on the best available evidence the use of Reading Recovery is based on a lower quality  
of evidence than the Committee is comfortable with and that the decision to introduce Reading Recovery nationally is not  
evidence based The Committee further expressed alarm that there was a complete lack of randomised controlled trials using  
standardised test scores for the Reading Recovery programme in the UK school system before national implementation of the  
programme Using Effectiveness Data for School Improvement Anthony Kelly, Christopher Downey, 2010-12-13 This book  
lifts the lid on a range of data gathering techniques and methods and reveals the provenance and shortcomings of education  
data collection and utilisation **The Times Index**, 2007 Indexes the Times and its supplements Exploring the Contexts  
for Early Learning Rory McDowall Clark, 2016-09-01 The concept of readiness for school is attractive to policy makers but  
many academics researchers and practitioners argue that an early start to formal learning may be misguided This book  
introduces readers to an increasing body of evidence which demonstrates that young children need opportunities to learn  
and develop in environments that support their emotional and cognitive needs offering opportunities to develop autonomy  
competence and self regulation skills With advice on implementing research findings in practice this book provides clear  
guidance on how to foster and develop these attributes scaffold steps into new areas of learning and support children in  
facing new challenges Chapters cover Policy and discourses Taking account of development Approaches to Early Years  
Learning The Diversity of Children's Early Experiences Transitions and starting school Where to in the Future Exploring the  
Contexts for Early Learning will be essential reading for students practitioners policy makers and all those interested in the
