American Book Publishing Record, 2005 Roads to Decolonisation Amy Duvenage, 2024-04-16 Roads to Decolonisation An Introduction to Thought from the Global South is an accessible new textbook that provides undergraduate students with a vital introduction to theory from the Global South and key issues of social justice arming them with the tools to theorise and explain the social world away from dominant Global North perspectives Arranged in four parts it examines key thinkers activists and theory work from the Global South theoretical concepts and socio historical conditions associated with race and racism gender and sexuality identity and un belonging in a globalised world and decolonisation and education challenges to dominant Euro American perspectives on key social justice issues linking decolonial discourses to contemporary case studies Each chapter offers an overview of key thinkers and activists whose work engages with social justice issues many of whom are under represented or left out of undergraduate humanities and social sciences textbooks in the North This is essential reading for students of the humanities and social sciences worldwide as well as scholars keen to embed Southern thought in their curricula and pedagogical practice Development Theory and Climate Change M. A.M. Salih, 2025-09-10 Development Theory and Climate Change is an illuminating exploration of the decline and subsequent revival of development theories M A Mohamed Salih demonstrates how the end of the Cold War and the ascendancy of neoliberal global capitalism have caused the revival of core conceptual frameworks derived from modernization dependency and the world system theories Politics: The Key Concepts Lisa Harrison, Adrian Little, Ed Lock, 2015-02-11 Politics The Key Concepts is an up to date and broad ranging introduction to the terms that lie at the heart of political discourse Entries are drawn from areas such as political theory international politics political science and methodology As well as explaining core established principles this informative guide explores some of the more complex topical and contested concepts from the world of politics Concepts covered include Capitalism Class Identity Institutionalism Referendum Marxism Pluralism Postmodernism Socialism Social Constructivism In an accessible A Z format with helpful cross referencing and suggestions for further reading Politics The Key Concepts is an invaluable reference for all students of politics international relations and related courses The Globalization of World Politics John Baylis, Steve Smith, Patricia Owens, 2020 The best selling introduction to international relations offers the most comprehensive coverage of the key theories and global issues in world politics written by the leading experts in the field *Fifty Key Thinkers in International Relations* Martin Griffiths, 1999 A unique and comprehensive overview of the key thinkers in international relations in the twentieth century From Lenin and Kissinger to emerging thinkers in feminism historical sociology and the study of nationalism Colonialism and Welfare James Midgley, David Piachaud, 2011-01-01 The British Empire is part covered three centuries five continents and onequarter of the world s population Its legacy continues shaping the societies and welfare policies of much of the modern world In this book for the first time this legacy is explored and analysed Colonialism and Welfare reveals that social welfare policies often

discriminatory and challenging to those colonised were introduced and imposed by the mother country It highlights that there was great diversity in rationales and impacts across the empire but past developments had a major impact on the development of much of the world s population Contributions from every continent explore both the diversity and the common themes in the imperial experience They examine the legacy of colonial welfare a subject largely neglected by both historians of empire and social policy analysts This original book shows that social welfare today cannot be understood without understanding the legacy of the British Empire Academics specialised students with an interest in comparative social policy history of social policy imperial history colonialism and contemporary third world social policy will find this book invaluable to their studies **Catalogs of Courses** University of California, Berkeley,1979 Includes general and summer catalogs issued between 1878 1879 and 1995 1997 **A Cartography of Resistance** Keith Grint,2024-07-30 Resistance is universal but why does it occur and fail or succeed Resistance is often regarded in traditional management books as a problem to be overcome because it is seen as short sighted or self interested Grint suggests however that resistance is not necessarily right or wrong From resistance to the Roman Empire to slavery to the Nazis to racism to the state and capital to patriarchy and to imperialism this book ranges across time and place to explain the success or failure of resistance While many contemporary approaches focus on leadership as the explanatory variable A Cartography of Resistance expands the approach to include management and command of resistance movements and of their opponents Many of the case studies explore the failures as well as the successes of resistance and the book suggests that even the failures reveal a fundamental truth about the human condition just because the situation looks bleak for those suffering from oppression does not mean they surrendered meekly Rather many seemed to adopt the same attitude that led Sisyphus to keep rolling the boulder up the hill they were determined not to let their situation define or defeat them Geographies of Development Robert B. Potter,Tony Binns,Jennifer A. Elliott,2008 This text encourages critical engagement by integrating theory alongside practice and related key topics throughout It demonstrates informatively that ideas concerning development have been many and varied and highly contested varying from time to time and from place to place
