**Romanticism and Modernity** Thomas Pfau, Robert Mitchell, 2014-07-16 Though traditionally defined as a relatively brief time period typically the half century of 1780 1830 the Romantic era constitutes a crucial indeed unique transitional phase in what has come to be called modernity for it was during these fifty years that myriad disciplinary aesthetic economic and political changes long in the making accelerated dramatically Due in part to the increased velocity of change though most of modernity's essential master tropes such as secularization instrumental reason individual rights economic self interest emancipation system institution nation empire utopia and life were also subjected to incisive critical and methodological reflection and revaluation The chapters in this collection argue that Romanticism's marked ambivalence and resistance to decisive conceptualization arises precisely from the fact that Romantic authors simultaneously extended the project of European modernity while offering Romantic concepts as means for a sustained critical reflection on that very process Focusing especially on the topics of form both literary and organic secularization and its political correlates utopia and apocalypse and the question of how one narrates the arrival of modernity this collection collectively emphasizes the importance of understanding modernity through the lens of Romanticism rather than simply understanding Romanticism as part of modernity This book was previously published as a special issue of *European Romantic Review*

**Experimental Life** Robert Mitchell, 2013-12-16 Experimental Life establishes the multiple ways in which Romantic authors appropriated the notion of experimentation from the natural sciences Winner of the Michelle Kendrick Memorial Book Prize of the Society for Literature Science and the Arts BSLS Book Prize of the British Society for Literature and Science If the objective of the Romantic movement was nothing less than to redefine the meaning of life itself what role did experiments play in this movement While earlier scholarship has established both the importance of science generally and vitalism specifically with regard to Romanticism no study has investigated what it meant for artists to experiment and how those experiments related to their interest in the concept of life Experimental Life draws on approaches and ideas from contemporary science studies proposing the concept of experimental vitalism to show both how Romantic authors appropriated the concept of experimentation from the sciences and the impact of their appropriation on post Romantic

concepts of literature and art Robert Mitchell navigates complex conceptual arenas such as network theory gift exchange paranoia and biomedica and introduces new concepts such as cryptogamia chylopoietic discourse trance plantation and the poetics of suspension As a result *Experimental Life* is a wide ranging summation and extension of the current state of literary studies the history of science cultural critique and theory *English Language and Literature Revision and Exam Practice: York Notes for GCSE (9-1) ebook edition* Mary Green,2018-09-06 To achieve top grades in English Language and Literature you ll have to master some key skills and get plenty of practice With everything you need right at hand this York Notes Revision and Exam Practice guide will help you quickly and efficiently conquer the basics study effectively revise with ease and face your exams with confidence *Animal Visions* Susan Mary Pyke,2019-03-15 *Animal Visions* considers how literature responds to the harms of anthropocentrism working with Emily Bront s *Wuthering Heights* 1847 and various adaptations of this canonistic novel to show how posthumanist dream writing unsettles the privileging of the human species over other species Two feminist and post Freudian responses Kathy Acker s poem *Obsession* 1992 and Anne Carson s *The Glass Essay* 1997 most strongly extend Bront s dream writing in this direction Building on the trope of a ludic Cathy ghost who refuses the containment of logic and reason these and other adaptations offer the gift of a radical peri hysteria This emotional excess is most clearly seen in Kate Bush s music video *Wuthering Heights* 1978 and Peter Kosminsky s film *Wuthering Heights* 1992 Such disturbances make space for a moor love that is particularly evident in Jane Urquhart s novel *Changing Heaven* 1989 and to a lesser extent Sylvia Plath s poem *Wuthering Heights* 1961 Bront s *Wuthering Heights* and its most productive afterings make space for co affective relations between humans and other animal beings Andrea Arnold s film *Wuthering Heights* 2011 and Luis Bu uel s *Abismos de Pasi n* 1954 also highlight the rupturing split gaze of non acting animals in their films In all of these works depictions of intra active and entangled responses between animals show the potential for dynamic and generative multispecies relations where the human is one animal amongst the kin of the world
