Directions: Answer each in a complete sentence. Use textual evidence to support your response.

1. What do Snowball and Napoleon do to encourage the spread of Animalism?

Snowball and Napoleon encourage the spread of Animalism by sending "out flights of pigeons whose instructions were to mingle with the animals on neighboring farms" (Orwell, 54).

2. Who are Frederick and Pilkington?

Frederick and Pilkington are the owners of the farms that reside on each side of Animal Farm.

3. In what ways do the humans try and stop the spread of Animalism?

The humans try and stop the spread of Animalism by stating "the animals there practiced cannibalism, tortured one another with red-hot horseshoes, and had females in common" (Orwell, 55). They were basically trying to spread lies so that the animals would not want to rebel.

4. Where does Snowball get his ideas for defending Animal Farm?

Snowball gets his ideas for defending Animal Farm by studying "an old book of Julius Caesar's campaigns" (Orwell, 57).

5. Describe how the animals are able to successfully defend the farm against the humans.

The animals are able to successfully defend the farm against the humans by working together and strategically planning their defenses.

6. Which animals are injured or killed during the battle?

During the battle, Snowball is injured and one sheep is killed.

7. How do the animals celebrate their victory?

The animals celebrate their victory by reassembling "in the wildest excitement, each recounting his own exploits in the battle" (Orwell, 59).

They also hoisted the flag and sung *Beasts of England*.

8. What part does Napoleon play during the Battle of the Cowshed? What do you think this says about him? During the Battle of the Cowshed, Napoleon was not present whatsoever. His lack of presence shows that Napoleon does not care for the well-being of everyone and does not share in the defense of the farm.

Other Rivers Peter Hessler,2024-08-29 Memorable One of China s most astute and sensitive foreign observers Financial Times Compassionate full of warmth Guardian More than twenty years after teaching English to China s first boom generation at a small college in Sichuan Province Peter Hessler returned to teach the next generation At the same time Hessler s twin daughters became the only Westerners in a student body of about two thousand in their local primary school Through reconnecting with his previous students now in their forties members of China s Reform generation and teaching his current undergraduates Hessler is able to tell an intimately unique story about China s incredible transformation over the past quarter century In the late 1990s almost all of Hessler s students were the first of their families to enrol in higher education sons and daughters of subsistence farmers who could offer little guidance as their children entered a brand new world By 2019 when Hessler arrived at Sichuan University he found a very different China and a new kind of student an only child whose schooling was the object of intense focus from a much more ambitious and sophisticated cohort of parents Hessler s new students have a sense of irony about the regime but mostly navigate its restrictions with equanimity and embrace the astonishing new opportunities China s boom affords But the pressures of this system of extreme meritocracy at scale can be gruesome even for much younger children including his own daughters who give him a first hand view of raising a child in China In Peter Hessler s hands China s education system is the perfect vehicle for examining what s happened to the country where it s going and what we can learn from it At a time when relations between the UK and China fracture *Other Rivers* is a tremendous indeed an essential gift a work of enormous human empathy that rejects cheap stereotypes and shows us China from the inside out and the bottom up using as a measuring stick this most universally relatable set of experiences As both a window onto China and a distant mirror onto our own education system *Other Rivers* is a classic a book of tremendous value and compelling human interest

Christian Home Educators' Curriculum Manual Cathy Duffy,1990-05 *Research in Education* ,1972 **Dog, Inc.** John Woestendiek,2010-12-30 What Stiff did for the dead and Fast Food Nation did for the burger Dog Inc does for the stranger than fiction world of commercial dog cloning It all began with a pit bull named Booger Former Miss Wyoming Bernann McKinney was so distraught over the death of her dog whom

she regarded as her guardian and savior that she paid 50 000 to RNL Bio for the chance to bring her beloved companion back to life The result were five new Boogers the first successful commercial cloning of a canine delivered in 2008 along with a slew of compelling questions about the boundaries of science commerce and ethics Blending shocking investigative reporting with colorful anecdotes Pulitzer Prize winning John Woestendiek takes readers behind the scenes of this emerging industry But Dog Inc isn't just a book about pets Nor is it just a book about science Rather it's a fascinating look at how our emotional needs are bending the reaches of science and technology as well as a study of this uncharted territory With our pet obsession climbing to new heights and our scientific abilities even more so this combination raises a serious concern Are we crossing the boundary of controlling science in the name of science in the name of love in the name of merchandising or a blend of all three
