About Financial Accounting Volume 1 4th Edition 2011

**Christopher Nobes, Robert B.
Parker, Robert H. Parker**

About Financial Accounting Volume 1 4th Edition 2011:

Teaching IFRS Richard M.S. Wilson, Ralph W. Adler, 2013-09-13 The increasing pace of global conformance towards the adoption of International Financial Reporting Standards IFRS highlights the need for accounting students as well as accounting practitioners to be conversant with IFRS Teaching IFRS offers expert descriptions of and insights into the IFRS convergence process from a teaching and learning perspective Hence this book is both timely and likely to have considerable impact in providing guidance for those who teach financial reporting around the world The contents of the book come from authoritative sources and offer something distinctive to complement the existing textbooks which typically focus on the technical aspects of IFRS and their adoption Drawing upon the experiences of those who have sought to introduce IFRS related classroom innovations and the associated student outcomes achieved therefrom the book offers suggestions about how to design and deliver courses dealing with IFRS and catalogues extensive listings of IFRS related teaching resources to support those courses This book was originally published as a special issue of Accounting Education An international journal

Comparative International Accounting, 14th Edition Christopher Nobes, Robert B. Parker, Robert H. Parker, 2020 Now in its 14th edition Nobes and Parker's Comparative International Accounting is a comprehensive and coherent text on international financial reporting It is primarily designed for undergraduate and postgraduate courses in comparative and international aspects of financial reporting The book explores the conceptual and contextual found Value Based Performance Measures Nils Eikermann, 2020-08-19 Nils Eikermann describes the framework conditions for the application of value based performance measures and critically analyses selected ones The disclosure of value based performance indicators is important in order to demonstrate the successful management of a company and to satisfy the increasing information needs of investors However companies adapt the developed theoretical concepts of value based performance measures to their practical needs and thus investors are no longer able to compare the performance of companies In addition there is a variety of different metrics from which companies can choose The empirical study aims to reduce existing research gaps and is divided into three parts the analysis of annual reports of selected European companies the calculation of a standardised value based performance measure and a value relevance study in the form of an association study

Management of International Institutions and NGOs Eduardo Missoni, Daniele Alesani, 2013-12-17 International Institutions IIs International NGOs INGOs and Transnational Hybrid Organizations THOs play a hugely important role in the modern world economy Despite having been studied by scholars from a range of disciplines these organizations have never before been approached from a management perspective This ambitious book analyzes the management challenges associated with international cooperation and sheds light on how these organizations have evolved as the political economic and business environments have changed around them Covering an admirably broad canvas the authors pursue two main objectives Firstly they explore the main management frameworks developed in the context of the corporate and national

public non profit organizations and adapt them to the specificity of IIs and INGOs This leads to the identification of a tailored approach to IO management based on their institutional and operational settings stakeholder groups core business staff profile and financial arrangements Secondly they bring theory into practice by linking frameworks to several case studies and best practices of organizations currently experimenting with management systems and tools with case studies including the World Bank and the Gates Foundation This comprehensive textbook is a must own resource for students and academics involved with studying and working with international organizations
