Foreword

General

This manual introduces the functions and operations of the wireless PIR sensor (hereinafter referred to as "the PIR").

Safety Instructions

The following categorized signal words with defined meaning might appear in the manual:

Signal Words	Warning
DANGER	Indicates a situation that, if not avoided, could result in property damage, data loss, loss of performance, or considerable result.
CAUTION	Provides additional information in the appendix and supplement to the text.

About the Manual

- The manual is for reference only. If there is inconsistency between the manual and the actual product, the actual product shall prevail.
- We are not liable for any loss caused by the operations that do not comply with the manual.
- The manual would be updated according to the latest laws and regulations of related regions. For detailed information, see the paper manual, CD-ROMs, QR code or our official website. If there is inconsistency between paper manual and the electronic version, the electronic version shall prevail.

- All the designs and software are subject to change without prior written notice. The product update might cause some differences between the actual product and the manual. Please contact the customer service for the latest program and supplementary documentation.
- There will might be deviation in technical data, functions and operation description, in order to print. If there is any doubt or dispute, please refer to our final explanation.
- Upgrade the reader software or by other maintenance reader software if the manual in PDF format cannot be opened.
- All trademarks, registered trademarks and the company names in the manual are the properties of their respective owners.
- Please visit our website, contact the supplier or customer service if there is any problem occurred when using the device.
- If there is any uncertainty or controversy, please refer to our final explanation.

Important Safeguards and Warnings

The following description is the correct application of the device. Read the manual carefully before use to prevent danger and property loss. Strictly conform to the manual during application, and keep it properly after reading.

Operating Requirements

- Do not install the device in a humid, dusty or fulgurous area.
- Keep to horizontal installation, or install it at stable power, and prevent it from falling.
- Do not apply a splash liquid onto the device, do not put on the device anything that will disrupt its normal liquid from flowing into the device.
- Do not dismantle the device arbitrarily.
- Thorough use and store the device within allowed humidity and temperature range.
- Do not place the equipment in the power line to reduce maintenance cost, such as metal objects.

Power Requirements

- Use batteries according to requirements; otherwise, it might result in fire, explosion or burning of batteries.
- To replace batteries, use the same type of batteries.
- Use power supply that meets CE's safety and low voltage requirements, and supply power with rated voltage that conforms to United Power Source in (GB4943.1). For specific power supply requirements, refer to device label.
- Products with category I structure shall be connected to grounded power outlet.
- Appliance coupled to a disconnecting device. During normal use, please open an angle that facilitates operation.
- Use the accessories regulated by the manufacturer. The device must be maintained by professionals.

1 Introduction

Wireless PIR detector is a wireless motion detector designed for indoor use. It can detect a human moving within 12 m of the detector. It can be set up via the (WiFi) App for iOS and Android phones.

4 Connecting to the Hub

After its connection with the hub, install the (WiFi) App on your phone. Please note that you have installed the latest version of the app. The interface and functions might vary with different model devices, and the actual interface shall prevail. This manual takes (WiFi) as an example.

4.1

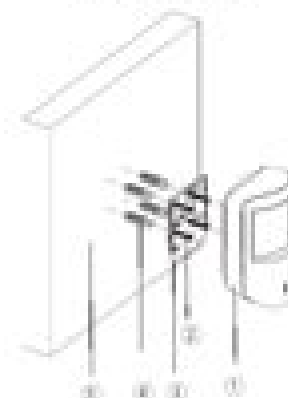

- Make sure that you have already created an account, and added the hub to the application.
- Make sure that the hub has stable internet connection.
- Make sure that the hub is powered on.

- Go to the hub interface, and then tap to add the detector.
- Tap to scan the QR code at the bottom of the PIR, and tap .
- Tap after the PIR has been found.
- Follow on-screen instructions and watch the PIR to on, and then tap .
- Wait for the pairing.
- Customize the name of the PIR and select the area, and then tap .

5 Installation

After its installation, connect the PIR to the hub and check the signal level at the installation location. We recommend installing PIR in a place with the signal strength of at least -70 dBm.
