Academic Calendar 2015-2016 Moi University:

University Education, Controversy and Democratic Citizenship Nuraan Davids, Yusef Waghid, 2020-11-16 This book explores the role of the university in upholding democratic values for societal change. The chapters advocate for the moral virtue of democratic patriotism; the editors and contributors argue that universities as institutions of higher learning can encourage the creation of critical and patriotic citizens. The book suggests that non-violence, tolerance and peaceful co-existence ought to manifest through pedagogical university actions on the basis of educators' desire to cultivate reflectiveness, criticality and deliberative inquiry in and through their academic programmes. In a way, universities can respond more positively to the violence on our campuses and in society if public and controversial issues were to be addressed through an education for democratic citizenship and human rights.
